Government of Bengal.

LEGISLATIVE DEPARTMENT.

THE following Bill, as amended by the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 8th November 1862, is hereby published for general information, and will be re-considered after one month :—

A Bill to provide for the registration and supervision of boats carrying passengers for hire.

Whereas it is desirable to provide for the registration and supervision of boats carrying passengers for hire in the Provinces subject to the Government of Bengal; it is enacted as follows :—

I. The Lieutenant-Governor of Bengal may, by Notification in the Government Gazette from time to time, declare that this Act shall have effect within any District, Port, or place within the Provinces subject to the Government of Bengal, and shall in such Notification define the local limits of every such District, Port, or place: and this Act shall be of no effect excepting within the limits so defined.

II. Every Magistrate within the limits of whose jurisdiction this Act shall be in force shall be a Registering Magistrate under this Act: and the word "Magistrate" shall be deemed to include every Officer having the full powers of a Magistrate.

III. No boat shall ply for passengers or carry them for hire in any District, Port, or place where this Act shall be in operation, unless duly registered in the Office of a Magistrate authorised to register boats under this Act. The following particulars shall be entered in a

Register which shall be kept by every Magistrate authorised as aforesaid :—

First.—Number of the boat.

Second.—Name and residence of the owner, and of the manjee.

Third.—Number of the crew.

Fourth.—Number of persons the boat is permitted to carry.

IV. When application is made to register a boat, the Registering Magistrate shall determine how many passengers the boat shall be permitted to carry. If any boat is, in the opinion of the Magistrate, unfit for the carriage of passengers, he shall refuse to register it.

V. The registration under Section III. of this Act shall be in force for one year from the date of registry, and no longer. Every change of the owner or manjee within that time shall be forthwith notified to the Magistrate in whose office the boat is registered, who shall amend his register accordingly. A fee of one Rupee shall be paid on registration; and a fee of four Annas shall be paid on every subsequent entry in the course of the year of change of the owner or manjee. For the purposes of this Act the person in whose name a boat is for the time being registered shall be deemed the owner thereof, and the person whose name for the time being appears on the Register as being the manjee of a boat, shall be deemed the manjee of that boat.

VI. The owner or manjee of every such registered boat shall be furnished by the Registering Magistrate with a ticket or board bearing an inscription in the Vernacular language of the District in the form set forth in the

Schedule hereto annexed: and such ticket or board shall be at all times exposed to view in some conspicuous part of the boat to which it refers.

Ticket to be exposed to view in the boat.

VII. The owner or manjee of a boat plying for passengers or carrying them for hire within the limits of any District, Port, or place where this Act is in force, without being duly registered, or carrying more passengers or having a smaller crew than is stated in the Register, or not having the ticket or board aforesaid duly exposed to view, shall be liable to a fine not exceeding fifty Rupees, and in default of payment to simple imprisonment not exceeding one month. Any Magistrate or Police Officer within the limits aforesaid may seize and detain such boat: and if it be not claimed within ten days, such boat may be sold by order of the Magistrate, and the proceeds applied to payment of the fine, and of the costs and charges incidental to the seizure, detention, and sale, and the surplus (if any), if not claimed within a further period of twenty days, shall be disposed of in the manner hereinafter provided for the disposal of surplus funds.

Boats so plying may be seized, &c. in case of non-payment, be levied by distress and sale of the boat or of other goods and chattels of the offender, by warrant of the Magistrate.

VIII. All fines imposed under this Act may, in case of non-payment, be levied by distress and sale of the boat or of other goods and chattels of the offender, by warrant of the Magistrate.

IX. The Magistrate shall, with the sanction of Government, expend for the purposes of local improvement such surplus (if any) as shall remain after defraying all the expenses incidental to registration and otherwise incurred by him under the provisions of this Act.

X. This Act shall not apply to any steam vessel or to any vessel or boat exceeding one thousand maunds burden.

MARINE DEPARTMENT.

No. 528.

Fort William, the 17th October 1862.

The following Rules for entering the Harbour of Port Blair are published for general information:—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depot of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E. Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island; it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth, as the ground about it is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a

convenient distance from the main land, keep the highest point of Ross Island about N. by E Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S W Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained, and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

MARINE DEPARTMENT

No. 528.

Port William, the 17th October 1862.

The following Rules for entering the Harbour of Port Blair are published for general information :—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostri's Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island; it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth, as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two

miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

By Order,

JOHN G. REDDIE,

Offy. Secy. to the Govt. of India.

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale :—

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for sale at an upset price of Rupees 400 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five Chests.

6. The Promissory Notes, taken on the day of Sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. 9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. 11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, *viz.*, two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1863, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time abovementioned,

	Chests.	the entire quantity of about
Behar	22,313	39,617 Chests of Behar and
Benares	17,304	Benares as above estimated
	39,617	will be brought to sale in the
		usual manner; and if they
		shall make application for a

quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to—

Article 6th.—"With regard to the trade in Opium, it is agreed between the High Contracting Parties that at each of the periodical Sales of that article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore-mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*."

M. WYLER,

Deputy Secy. to the Govt. of India,
Home Department.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th November 1862, and was referred to a Select Committee with instructions to make their Report thereon in two weeks.

No. 53 of 1862.

A Bill to amend Act XI of 1862 (to amend the duties of Customs on Goods imported and exported by Sea).

WHEREAS it is expedient to amend the law relating to Customs Duties; It is enacted as follows:—

I. Article 18 of Schedule A of the said Act XI of 1862, and the Note thereto, are repealed, and in-
stead thereof, the following words shall be read as Article 18, and the Note thereto:—

ARTICLE 18.—Machinery used exclusively for purposes of agriculture, navigation, mining, or manufacture, or for Railway purposes, and materials forming necessary component parts of such machinery... Free.

And the Officer in charge of the Custom House, subject to the orders of the Local Government acting under the general instructions of the Government of India, shall decide what Articles come within the definition of such machinery, or materials forming component parts thereof, and such decision shall be final in law.

II. The following Proviso shall be read after Article 23 of the said Schedule A:—

Provided that 10 per Cent. *ad valorem* shall be charged on all Spirits used exclusively in arts and manufactures, or in chemistry, subject to such rules as the local Government shall from time to time prescribe, for ascertaining that such Spirits are unfit for use as a beverage and incapable of being converted to that purpose. And the Officer in charge of the Custom House, subject to the general instructions of the Local Government, shall decide what Spirits fall within this Proviso, and his decision thereon shall be final in law.

III. The following additional Article shall be read as part of Schedule A of the said Act:—

Additional Article of Schedule A. Firewood ... Free.

IV. This Act shall be read and taken as part of the said Act XI of 1862. Act to be read as part of Act XI of 1862.

STATEMENT OF OBJECTS AND REASONS

THIS Bill proposes three amendments in Schedule A of Act XI of 1862 (*to amend the Duties of Customs on Goods imported and exported by Sea*).

The first amendment proposed is in Article 18 of the Schedule relating to Machinery.

Previously to the passing of Act VII of 1859, Machinery of all kinds imported by Sea into the Presidencies of Bengal and Madras was liable to a duty of 3½ per cent. when imported on British Bottoms, and of 7 per cent. when imported on Foreign Bottoms. The same duties were chargeable at Bombay until the enactment of Act I of 1852. Under the two Acts just mentioned Machinery imported for the improvement of the communications and the development of the resources of the country was allowed to be admitted free of duty, and by Act X of 1860 the exemption was extended to Machinery of all kinds. The same general exemption is contained in Act XI of 1862, which now regulates the rates of Custom duties on Goods imported or exported by Sea throughout the British Territories in India.

It is considered that the later enactments have carried the exemption from duty farther than was requisite or proper, and that they involve an unnecessary sacrifice of Customs Revenue. Under Article 18, as it now stands, it must be obvious that many articles included under the head of Machinery may be admitted free of duty, for the exemption of which no special or adequate ground exists. It is proposed therefore to revert to the rule in force previously to the passing of Act X of 1860, and to confine the exemption from duty to Machinery used exclusively for purposes of agriculture, navigation, mining, or manufacture, or for Railway purposes, and materials forming necessary component parts of such Machinery. The latter part of the Article, amended as proposed, appears a proper concession in favor of component parts of Machinery used exclusively for the purposes mentioned in the former part of the Article.

A slight alteration is also proposed in the Note to Article 18, in order to give the Local Governments, acting under the general instructions of the Government of India, authority to control the Officers of their respective Custom-houses in construing the Article in question. A similar provision is contained in the new Customs Bill as regards the administration of the Department generally. There seems no doubt that the provision will conduce to the convenience of the public, while it will leave full power in the hands of the Supreme Government to issue such instructions as it may consider necessary for the protection of the Customs Revenue and for maintaining uniformity of practice in the several Presidencies.

The next alteration proposed is in Article 23 of the Schedule, which relates to the duty on Spirits. Under that Article methylated Spirits, or Spirits used exclusively in arts or manufactures, or in chemistry, are liable, on importation by Sea, to the same duty as Spirits intended for human consumption as a beverage. It is thought that, with a view to the promotion of arts and manufactures, a distinction should be made between Spirits exclusively used for the purposes thereof, and Spirits used for other purposes. Spirits of Wine, under certain restrictions, are allowed to be used duty free in the United Kingdom, and when the Bill to amend the Law relating to the Abkaree Revenue

of Bengal was before the late Legislative Council, a Section was proposed, the object of which was to place the law in India on the same footing in this respect as the law at home, but the proposition was opposed on two grounds. The first ground was that the state of the Finances at the time would not admit of our giving up any source of Revenue, and that while we were imposing new taxes which would bear heavily on the poorer and lower classes, we ought not to remit any existing tax however wise it might be on principle to do so. The second ground was that no proper means existed in this country to prevent frauds on the Revenue.

With regard to the first of these grounds the improvement which has taken place in the state of the Finances since this ground of objection was urged, has enabled the Government to remove the taxes alluded to as those which would affect the poorer and lower classes, and Financial considerations no longer appear to offer any obstacle to granting some remission of duty, which has again been asked for, in favor of Spirits used in manufactures and arts, or in chemistry. The Government of Bengal supports the recommendation of the Board of Revenue at Calcutta for a reduction of the present duty on methylated Spirits, and these Authorities seem to anticipate no difficulty in adopting measures which will prevent any abuses from taking place consequent on an alteration of the law. It is not however proposed to admit methylated Spirits free of duty. What is proposed is, that such Spirits shall be charged with duty at the rate of 10 per cent. *ad valorem*. The importation will also be subject to such rules as the Government shall from time to time prescribe for ascertaining that the Spirits are unfit for use as a beverage, and incapable of being converted to that purpose. Spirits distilled in the country and which may be intended to be used in arts or manufactures, or in chemistry, will be dealt with separately.

The third and last alteration, proposed in the Schedule is the addition of an Article to exempt firewood, when imported by Sea, from the payment of duty, thereby placing firewood on the same footing as coke and coal which are admitted free of duty. Owing to the large consumption on the Railways and other causes, firewood has risen greatly in price, and in some parts of the country it is becoming very scarce. It is desirable to encourage its importation as much as possible, but the present high duty is found to operate as a serious impediment. The amount of Customs Revenue realized on this article is very trifling, and on Financial grounds there is no object in retaining the duty.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th November 1862, and was referred to a Select Committee with instructions to make their report thereon in six weeks:—

No. 54 of 1862.

A Bill to define the jurisdiction, and to regulate the procedure of the Courts of Civil Judicature in British Burmah, and to provide for the extension of certain acts to the said Territory.

WHEREAS it is expedient to define the limits of the jurisdiction of the Courts of Civil Judicature in British Burmah; and whereas it is also expedient that the Code of Civil Procedure should have effect throughout British Burmah subject to certain alterations and provisions, and that provision should

be made for extending the operation of certain Acts to the said Territory; It is enacted as follows:—

VII. The Court of the Commissioner shall have power to hear and determine Appeals from the original decisions and, where an appeal is allowed by the Code of Civil Procedure or by this Act, from the orders passed by the Courts of the Deputy Commissioners in the Division of such Commissioner. The Commissioner may also receive a second Appeal from the decisions of the Courts of the Deputy Commissioners in his Division passed in regular Appeal reversing or modifying the decision of the Court of original jurisdiction, if, on a perusal of the grounds of appeal and of the judgments of the Courts below, copies of which shall be filed with the Petition of Appeal, a

further consideration of the case shall appear to him to be requisite for the ends of justice. The decision or order of the Commissioner on such second Appeal, whether for rejecting the Appeal, or for confirming, modifying or reversing the decision of the lower Appellate Court, shall be final, and no special Appeal shall be allowed in such case to the Chief Commissioner from the decision of the Deputy Commissioner passed in regular Appeal, or from the decision or order of the Commissioner of the Division passed on such second Appeal.

X. It shall be lawful for the Deputy Commissioner to withdraw any suit instituted in any Court subordinate to such Deputy Commissioner, and to try such suit himself or to refer it for trial to any other Court subordinate to his authority and competent in respect of the value of the suit to try the same. And it shall be lawful for the Chief Commissioner, or for the Commissioner of a Division, to order that the cognizance of any suit or appeal which shall be instituted in any Court subordinate to such Chief Commissioner or Commissioner, shall be transferred to any other Court subordinate to his authority and competent, in respect of the value of the suit or appeal to try the same.

XI. If the suit be for land or other immovable property situate within the limits of different Districts within the same Division, the suit may be brought in any Court otherwise competent to try it within the jurisdiction of which any portion of the land or other immovable property in suit is situate, but in such case the Court in which the suit is brought shall apply to the Commissioner of the Division for authority to proceed with the same. If the suit is brought in any Court subordinate to the Court of the Deputy Commissioner, the application shall be submitted to the Commissioner of the Division through the Deputy Commissioner to whom such Court is subordinate.

XII. If the Districts within the limits of which the property is situate, are subject to different Commissioners, the application shall be submitted to the Commissioner to which the District, in which the suit is brought, is subject, and the Commissioner to which such application is made may, with the concurrence of the Commissioner to which the other District is subject, give authority to proceed with the suit.

XIII. Except when otherwise provided in any Regulation or Act for the time being in force, an appeal shall lie from the decisions of the Courts of original jurisdiction to the Courts authorized by

this Act to hear appeals from the decisions of those Courts.

XIV. The Memorandum of Appeal prepared in the form and containing the particulars mentioned in the Code of Civil Procedure, shall be presented in the Court empowered to hear the appeal within the period hereinafter specified, unless the appellant shall shew sufficient cause, to the satisfaction of such Court, for not having presented the Memorandum of Appeal within such period, that is to say, within thirty days if the Appeal lie to the Court of a Deputy Commissioner, and six weeks if the appeal lie to a Commissioner of a Division. Appeals from orders, when such appeal is allowed by the Code of Civil Procedure or by this Act, shall be presented within the same period as Appeals from decisions.

XV. In cases of Appeal preferred to a Deputy Commissioner under Section VI, or to a Commissioner under Section VII of this Act, it shall not be necessary to summon the respondent in the first instance, and if upon the perusal of the Petition of appeal, and of the judgment of the Court below, or of the whole or any part of the record of the original suit, in the presence of the Appellant or of his duly constituted agent, the Deputy Commissioner or the Commissioner, as the case may be, shall see no reason to alter the decision appealed from, it shall be competent to him to confirm the same recording his reasons for rejecting the Appeal. In such case the Deputy Commissioner or the Commissioner shall cause the order for confirmation to be made known to the respondent through the Court from whose decision the Appeal was made.

Deputy Commissioner and Commissioner may confirm decision of lower Court appealed from without summoning the respondent.

XVI. Applications for a Second Appeal under Section VII of this Act shall be preferred in the manner and within the period prescribed in the last preceding Section for regular Appeals, to the Commissioner of a Division, and if the Commissioner shall see fit to admit any such second Appeal, it shall be heard and determined in every respect as an ordinary regular Appeal.

No special appeal shall lie from any decision or order which shall be passed in regular Appeal by any Court after the passing of this Act, in any suit of the nature cognizable in Courts of Small Causes under Act XLII of 1860, when the debt, damage, or demand for which the original suit shall be instituted shall not exceed the sum of five hundred Rupees.

XIX. If in any case of regular Appeal in which under the last preceding Section no special appeal is allowed, or in any case of second Appeal admitted under Section VII of this Act, any question of law or usage having the force of law, or the construction of a document affecting the merits of the case shall arise, on which the Court trying the Appeal shall entertain reasonable doubts, the Court may, either of its own motion or on the application of either of the parties to the Appeal, draw up a statement of the case, and submit such statement with its own opinion for the decision of the Chief Commissioner. The provisions contained in Sections 29 to 34 of Act XXIII of 1861 (*to amend Act VIII of 1859, for simplifying the procedure of the Courts of Civil Judicature not established by Royal Charter*) shall be applicable to the statement so submitted, and the Chief Commissioner shall proceed in the case under the Rules contained in the said Sections for the direction of the Sudder Court so far as the same are applicable.

All cases or proceedings arising under the said Acts or under Act XXXV of 1858 (to make better provision for the care of the estates of Lunatics not subject to the jurisdiction of the Supreme Court of Judicature) or Act XXVII of 1860 for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons) shall be received and determined by the Deputy Commissioner of the District subject to the provisions in the said Acts contained respectively as to jurisdiction and otherwise. The order of the Commissioner on any such Appeal shall be final.

XXVII. The local jurisdiction of a Deputy Commissioner shall be deemed District Court as a District for the purpose of used in Code of this Act, and the Court of Civil Procedure. such Deputy Commissioner shall be deemed the District Court within the meaning of the Code of Civil Procedure.

XXVIII. This Act shall come into operation on the 1st day of January 1863.

XXVIII. This Act shall come into operation on the 1st day of January 1863.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill, while maintaining all the existing classes of Courts in British Burmah, defines the jurisdiction to be exercised by each class of Courts, and lays down rules for the admission of Regular as well as Second and Special Appeals, which, it is considered, will greatly improve the administration of Civil Justice in that branch of the Department.

Special Appeals will be admissible under the Bill on the same grounds on which such Appeals may be admitted in the Regulation Provinces, that is, on the ground of the decision of the Court below being contrary to some law or usage having the force of law, or of a substantial error or defect in law, or in the procedure or investigation of the case which may have produced error or defect in the decision of the case upon the merits. Special Appeals will be cognizable by the Chief Commissioner alone in his capacity of Judicial Commissioner, or principal Civil Judge of the Province. In order to keep the law settled it is obviously desirable that there should be only one tribunal for the determination of the questions which may arise in Special Appeal. But it is proposed that the Divisional Commissioners shall be allowed, on certain conditions, to admit a Second Appeal from the decisions passed in Regular Appeal by the Officers subordinate to them. No such Appeal is allowed in the Regulation Provinces, but looking to the comparatively short period that British Burmah has been subject to our rule, and to other circumstances, it is thought desirable that, for a time at least, the Appellate Authorities immediately over the District Officers should possess larger powers of interference with the decisions of their subordinates than are exercised by the corresponding Authorities in our older Provinces.

The Bill proposes to extend the Code of Civil Procedure, with some modifications, to British Burmah generally. The Code is already in force, under an order of the Supreme Government, in the entire Territory, with exception to the Province of Pegu, in which the proceedings of the Civil Courts are regulated by a Code prepared by Major Sparks, the Commissioner of Pegu, and which bears that Officer's name. Major Sparks' Code does not differ very materially from the Code of Civil Procedure, but it is considered that there should be a uniform Code for the whole Province. The modifications proposed to be made in the Code in its application to British

Burmah do not affect the general principles on which the Code is based. They relate chiefly to the powers to be exercised, in certain matters, by the controlling Authorities, and are considered desirable to adapt the Code to the peculiarities of the Province.

It was thought that the Governor-General in Council, acting under the authority conveyed in one of the concluding Sections of the Code, might extend the Code, by an order in Council, to the Province of Pegu, but the learned Advocate-General has given it as his opinion that as, subsequently to the passing of the Code, the Supreme Government sanctioned Major Sparks' Code being introduced into the Province of Pegu, and the order conveying such sanction has since received the force of law by a Section in the Indian Councils Act of last year, an Act of the Legislature is necessary to repeal Major Sparks' Code and to authorize the substitution for it, within the Province of Pegu, of the Code of Civil Procedure contained in Act VIII of 1859.

The Bill further proposes to extend to the Province of Pegu, in supersession of the Law of Limitation contained in Major Sparks' Code, the general Law of Limitation contained in Act XIV of 1859, which is already in force in the remaining portion of the Territory. The opinion given by the Advocate-General that a new law is necessary to introduce the Code of Civil Procedure into the Province of Pegu, in the place of Major Sparks' Code, applies equally to the general Law of Limitation. Major Sparks has proposed two slight alterations in the general Law of Limitation, should it be determined to extend that law to British Burmah, and the Chief Commissioner agrees with him, and thinks that, so far as British Burmah is concerned, the two alterations proposed by Major Sparks should be made general. One of these alterations relates to claims for the partition of joint undivided Estates, and the other to Mortgages. The first alteration appears to me to be unnecessary, and to have been proposed under a mistaken view of the law. The other proposed alteration ought not, in my opinion, to be adopted. The other Acts which the Bill proposes to extend to British Burmah have been, for some time, in force in other parts of India, and have been found to work well, and as cases such as those to which the provisions of these Acts are applicable, must frequently occur in British Burmah, where no law now exists for their disposal, the extension of the Acts to the Province seems desirable.

The 5th November 1862.

M. WYLIE,

Depy. Secy. to the Govt. of India,
Home Department.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th November 1862, and was referred to a Select Committee with instructions to make their Report thereon in six weeks:—

No. 55 of 1862.

A Bill to regulate the admission of Appeals to Her Majesty in Council from certain Judgments and Orders in Provinces not subject to the General Regulations.

WHEREAS it is expedient to regulate the admission of Appeals to Her Majesty in Council from certain judgments and orders in Provinces not subject to the General Regulations; It is enacted as follows:—

1. If a party in a suit is desirous of preferring an Appeal to Her Majesty in Council from any final judgment, decree, or order made on

Appeal or revision by the Court of highest Civil jurisdiction in any Province in British India not subject to the General Regulations, or from any such final judgment, decree, or order made in the exercise of original jurisdiction by the said Court, in any case in which the sum or matter at issue is above the amount or value of 10,000 Rupees, or in which such judgment, decree, or order shall involve, directly or indirectly, any claim, demand, or question to or respecting property amounting to or of the value of 10,000 Rupees, or from any other final judgment, decree, or order made either on appeal or otherwise as aforesaid, when the said Court shall declare that the case is a fit one for appeal to Her Majesty in Council, such Court shall admit such Appeal subject to such rules and orders as shall be in force, or shall from time to time be made in that behalf by Her Majesty in Council in respect of such Appeals from Her Majesty's High Courts of Judicature in British India.

II. It shall further be lawful for such Court at its discretion, upon the petition of any party who considers himself aggrieved by any preliminary or interlocutory judgment, decree, order or sentence of such Court in any such proceeding as aforesaid (not being of Criminal jurisdiction), to grant permission to such party to appeal against the same to Her Majesty in Council subject to such rules, regulations, and limitations as shall be in force, or as shall from time to time be declared by Her Majesty respecting Appeals from final judgments, decrees, orders, and sentences of Her Majesty's said High Courts of Judicature.

III. On the admission or permission of the Appeal by the Court as hereinbefore provided, the Court shall forthwith cause notice to be given to the other party that the Appellant has preferred an Appeal to Her Majesty in Council.

IV. The Court, if applied to, may either order the judgment or determination appealed against to be enforced, taking sufficient security for the performance of such order or decree as Her Majesty in Council may make on the Appeal; or it may direct, on similar security being found, that no order for enforcing the judgment or determination shall be issued pending the Appeal, and that, if any such order has been issued, it shall, so far as it has not been executed, be suspended.

V. In either of the cases mentioned in the last preceding Section the Court shall require the Appellant to find security for the payment of such costs as it may think likely to be incurred by the Appeal.

VI. If a party who is desirous of preferring an Appeal to Her Majesty in Council in any of the cases mentioned in Section I or Section II of this Act shall require the assistance of the said Court for obtaining security from the other party for staying execution of the judgment, decree, order, or sentence that has been passed, or for any other purpose, he shall present his Petition to the said Court within six calendar months from the date

Time for presentation of Petition of Appeal.

Admission of Appeal.

of the judgment or determination appealed against.

VII. If at any time pending an Appeal under this Act the security taken from either party appears inadequate, whether from the increase or improvement of the property forming the subject of appeal, or from the insufficiency of the securities, the Court before which the Appeal is pending may, on the application of the other party, require further security.

VIII. In default of such further security being found of the original security was furnished by the Appellant, the Court may issue an order for enforcing the judgment or determination appealed against as if no such original security had been given; and if the original security was furnished by the respondent, the Court, so far as may be practicable, shall compel him to deliver up the property forming the subject of appeal, which shall be disposed of in conformity with such of the rules in force as may be applicable to the particular case.

IX. In every case of Appeal under this Act the Court shall certify and transmit to Her Majesty in Council under the seal of the Court two true and correct copies of all evidence, proceedings, judgments, decrees, and orders had or made in the case appealed, so far as the same have relation to the matters of appeal, together with a copy of the reasons given by such Court for or against the judgment or determination appealed against.

X. The expense of preparing the two aforesaid copies, and of translating into English so much of the original documents as may not be in that language, shall be defrayed by the party prosecuting the Appeal.

XI. The Court shall cause the deposit by the Appellant, within the time allowed for furnishing security for costs of Appeal, of such a sum as shall be sufficient to cover the expense of making the two aforesaid copies, and when such deposit shall have been made, and not till then, to declare the Appeal admitted, and to give notice thereof to the Appellant and respondent respectively.

XII. Either party, on application, may obtain one or more authenticated copies of any of the papers in the suit on paying the reasonable expenses incurred in preparing them.

XIII. Either party, in like manner, may obtain an authenticated copy of any local regulation or law which he may require in the Appeal.

XIV. The orders or decrees of Her Majesty in Council, when duly certified, shall be enforced and executed, under the directions of the said Court, by the Judge or Officer by whom the suit was originally tried in the manner and according to the rules and laws

applicable to the execution and enforcement of original orders or decrees made by such Judge or Officer.

XV. Any party desirous of enforcing or obtaining execution of any such decree or order made in Appeal as aforesaid, shall present a petition for that purpose to the Court which made the first decree or order appealed from, and the said petition shall be accompanied by a certified copy of the decree or order made in Appeal and sought to be enforced or executed.

XVI. An Appeal shall lie from any decree or order made by such last mentioned Court relating to the enforcement or execution of any such decree or order made in appeal as aforesaid in the same manner and subject to the same laws, rules, and regulations as an Appeal from an order or decree made upon a petition for the enforcement of execution of the decree or order first appealed from, would have been.

XVII. Nothing herein contained shall be construed so as to prevent the said Court of highest Civil jurisdiction from enforcing or obtaining execution of a decree or order made or passed by Her Majesty in Council, if Her Majesty in Council shall think fit to decree or order the said Court to enforce or execute the same.

XVIII. Nothing in this Act contained shall be understood to bar the full and unqualified exercise of Her Majesty's power as to receiving or rejecting Appeals. Appeals to Her, either in rejecting any she may consider inadmissible, or in receiving any she may judge admissible.

XIX. The words "British India" denote the Territories which are or may become vested in Her Majesty by the said Statute 21 and 22 Vic. c. 106, entitled "An Act for the better Government of India."

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to extend to the Non-Regulation Provinces the Rules relating to the admission of Appeals to Her Majesty in Council, and to the execution of the decrees passed on such Appeals which are now in force in the Regulation Provinces of the three Presidencies.

The right of Her Majesty to admit Appeals from decisions passed by the Courts in the Non-Regulation Provinces, equally with Appeals from the decisions passed by the Courts in the Regulation Provinces, is not questioned. But there is no law empowering the Courts in the Non-Regulation Provinces to allow or even to receive Appeals from their decisions to the Queen in Council, or, of their own authority, to transmit the records of the cases in which the Appeal is made, or a translation of the papers, to England. The consequence is that parties wishing to appeal to the Queen in Council from decisions passed by the Courts in the Non-Regulation Provinces, are compelled to prefer their Appeals direct to the Privy Council, and an order has to be sent from home for the translation of the papers and their transmission to England. This necessarily adds to the expense of the Appeal, and also causes delay in the hearing and decision of the Appeal. The present Bill is introduced in consequence of the receipt of a communication from the Registrar of the Privy Council, intimating that, in the opinion of the Lords of the Judicial Committee of the Privy Council, measures should be taken to

place the prosecution of Appeals from the highest Civil tribunals in the Non-Regulation Provinces on the same footing as Appeals to Her Majesty in Council from the Courts in the Presidencies of Bengal, Madras, and Bombay.

It is proposed shortly to revise the existing rules relating to Appeals to Her Majesty in Council from the Courts in this country, and to frame a new Code of Rules to regulate such Appeals; but some time must necessarily elapse before the new Code is ready for promulgation.

No 528.

Port William, the 17th October 1862

The following Rules for entering the Harbour of Port Blair are published for general information —

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 17' East from Greenwich, it has a spacious and safe harbour extending a considerable distance inland, the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its conical appearance and the Houses on its summit which when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island is the principal depot of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E., Magnetic then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, muddy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesoetris Reef," a dangerous patch, having only, 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island, it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth, as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy, and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained, and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

ORDERS by the LIEUTENANT-GOVERNOR, N. W. Provinces.

POLICE DEPARTMENT.—No. 878A.—*Nynee Tal, the 5th November 1862.*—Mr. H. B. Goad, Assistant Inspector-General of Police in the Benares Division, officiated as District Superintendent of Police at Jounpoor from the 26th of July, the date of Lieutenant Garton's departure, until the 15th of September last, when he was relieved by Lieutenant Clarke.

REVENUE DEPARTMENT.—No. 1216A.—*Nynee Tal, the 7th November 1862.*—The following Rule of the Rules issued by the Government of Bengal for the sale of unassessed waste lands, and the redemption of the revenue of such lands already granted for a term of years, with the explanation given in answer by that Government to a question put to it, is adopted for the North-Western Provinces, and is published for general information as shewing the terms on which redemption of rissudee grant assessment may be effected:—

RULE 19.—All grants of waste land already made for a term of years, under previously existing Rules, in which no right of occupancy or proprietorship exists, except that of the grantee or that derived from him, will be treated for the purposes of this Rule as if the land were permanently settled; and the grantees or their representatives may redeem the future land revenue of such grants or of any compact part of them in perpetuity for an amount equal to the present value of all future stipulated annual payments calculated at 5 per cent. interest, provided the said amount is not less than two Rupees eight annas an acre on the whole area of which the revenue is redeemed.

Extract paragraph 3, Questions and Answers from the Hon'ble A. Eden, Officiating Secretary to the Government of Bengal, to C. B. Stewart, Esquire, No. 2120, dated the 18th September 1862.

Questions.

3. What interpretation does the 19th Rule bear as regards holders of old grants in Bengal?

I apprehend that the redemption of the Land Revenue of such old grants will be regulated on the principle upon which deferred annuities are calculated.

Will the amount of purchase money or price of redemption be ascertained on the calculation of the interest that would accrue from the amount paid up equalling the rate of assessment during a period of twenty years? or how?

Answers.

3. The redemption of future payments of revenue will be calculated precisely as an Actuary would calculate the present value of a deferred annuity with interest at 5 per cent.

Thus, if a beegah of land is held rent-free for twenty years, at four annas a year for the next twenty years, at 8 annas a year for the next twenty years, and at 12 annas a year thereafter in perpetuity, the amount for which all future payments may be redeemed at once would be calculated thus:—

Present value at 5 per cent. of a deferred annuity of 4 annas from the 21st to the 40th year	...	0	0	0
Ditto ditto of 8 annas from the 41st to the 60th year	...	0	0	0
Ditto ditto of 12 annas from the 61st year for ever	...	0	0	0
Total	...	0	0	0

The amount will be found to be very small.

No. 1219A.—*The 8th of November 1862.*—Whereas it appears to the Hon'ble the Lieutenant-Governor that land is required to be taken up, in the

LEGISLATIVE

THE following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 24th November 1862, and is hereby promulgated for general information :—

ACT No. XXI of 1862.

An Act to provide for the dissolution of the Subordinate Medical Officers' Widows' and Orphans' Fund, and the distribution of the funds belonging thereto.

WHEREAS by certain Regulations prepared and adopted by certain members of the Subordinate Medical Department, a Society was established at Perozepore, in 1852, for raising a Fund called "The Subordinate Medical Officers' Widows' and Orphans' Fund," the interest, dividends, and proceeds of which Fund were directed to be applied in making provision, at certain specified rates, for the widows and children of the subscribers; and it was directed that such provision should be made solely out of the interest and dividends of the said Fund; and whereas a petition has been presented to His Excellency the Governor-General in Council by certain subscribers and members of the said Society, stating that no subscriptions have been contributed to the said Fund since the year 1857, and that, in consequence thereof and of the deaths of several of the subscribers to the said Fund, no steps have been or can be taken to make the provision intended by the Regulations of the said Fund, and that no pensions whatever have, since the year 1857, been paid to any of the persons entitled to the benefits of the said Fund, and that, therefore, the expectations of the Founders of the Fund have been disappointed and the objects for which such Fund was established have failed; and praying that an Act may be passed to wind-up the affairs of the said Fund; and whereas no provision is made in the Regulations of such Fund for the dissolution thereof or the distribution of the funds belonging thereto, and it is

expedient to make provision for the same by law; It is enacted as follows :—

I. On the petition to the High Court of Judicature at Fort William in Bengal of a majority of the subscribers of the said Subordinate Medical Officers' Widows' and Orphans' Fund, or of any ten subscribers of the Society and pensionaries on the said Fund, praying for the dissolution of the said Society, and the winding-up of the affairs of the said Fund, it shall be lawful for the said Court to make order for the same on the said petition, as fully as if the Regulations of the said Fund provided for the winding-up of the said Fund; and it shall be lawful for the said Court to make order for ascertaining and declaring the rights which attach on the said Fund, and for taking the accounts of the said Fund, and for the apportionment, division, and distribution of the said Fund; and for the ascertainment of the nature and numbers of the different claims on the said Fund, and of the persons having or entitled to make the said claims; and for the payment of the proper costs of the subscribers of the said Society, and of all parties conducting or otherwise concerned in the matter of the said petition and subsequent proceedings for winding-up the said Fund.

II. It shall be lawful for the said Court, in such way as they may think fit, to obtain the assistance of an Accountant or Actuary may be employed. better to enable the Court to determine any matter relating to the division and distribution of the Fund, and to act upon the certificate of such person.

III. In the cases of pensioners, or persons entitled to become pensioners, who shall consent to commute their pensions, it shall be lawful for the said Court to order that the amounts to be paid in commutation shall be settled, invested, or paid in such manner as will give the several persons therein interested the full benefit thereof.

IV. In the cases of pensioners or persons entitled to become pensioners, who shall refuse to commute their pensions, it shall be lawful for the said Court to order a sufficient sum to be set apart out of the said Fund to provide for the due payment of such pensions. The said Court may also sanction and give effect to any arrangement which it may deem just and sufficient for the future payment of any commuted sum or uncommuted pensions by any Life Insurance Company willing to undertake the payment of such pensions.

V. Guardians of minors pensioners, and of minors, if any, entitled to become pensioners on the said Fund, shall have full power and authority to consent on their behalf to commute the pensions of the minors for a fixed sum; and the said Court shall have full power and authority to give effect to such consent, and to make such order as the said Court may deem just for the application of the said commuted sum for the future benefit of the infant; and if there be no guardian, the mother, during her widowhood, may act as guardian, unless the said Court shall otherwise order; and if necessary, the said Court may appoint a guardian for any minor.

VI. In dividing and distributing the said Fund every part thereof which shall not be awarded by the said Court to members or representatives of deceased members, may, if the said Court shall think fit, be applied for the benefit of pensioners or persons entitled to become pensioners, whether they shall consent to commute their interests or not.

VII. With a view to expedite the distribution of the surplus of the said Fund over and above what may probably be necessary to provide for the pensions, the said Court shall have full power and authority at any time to order payment of a dividend of the said probable surplus to the persons entitled to the same, although the exact surplus and the exact amount of charges may not then be ascertained.

VIII. For the purpose of winding-up the said Fund, and finally closing the accounts thereof, the like proceedings shall be had for the bringing in of claimants on the said Fund, as in ordinary administration suits for bringing in creditors and other persons; and claimants being pensioners or entitled to be pensioners, who may neglect to come in, in a due course, or within the time limited for that purpose, shall be deemed to have consented to commute their pensions, and a final distribution may be made of the said Fund.

M. WYLIE,

Depy. Secy. to the Govt. of India,

Home Department.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th November 1862, and was referred to a Select Committee with instructions to make their Report thereon in two weeks.

No. 53 of 1862.

A Bill to amend Act XI of 1862 (to amend the duties of Customs on Goods imported and exported by Sea).

WHEREAS it is expedient to amend the law relating to Customs Duties; It is enacted as follows:—

Preamble. I. Article 18 of Schedule A of the said Act New Article substituted for Article 18 of Schedule A. XI of 1862, and the Note thereto are repealed, and in stead thereof, the following words shall be read as Article 18, and the Note thereto:—

ARTICLE 18.—Machinery used exclusively for purposes of agriculture, navigation, mining, or manufacture, or for Railway purposes, and materials forming necessary component parts of such machinery. Free

And the Officer in charge of the Custom House, subject to the orders of the Local Government acting under the general instructions of the Government of India, shall decide what Articles come within the definition of such machinery, or materials forming component parts thereof, and such decision shall be final in law.

II. The following Proviso shall be read after Article 23 of the said Schedule A:—

Provided that 10 per cent. *ad valorem* shall be charged on all Spirits used exclusively in arts and manufactures, or in chemistry, subject to such rules as the local Government shall from time to time prescribe, for ascertaining that such Spirits are unfit for use as a beverage and incapable of being converted to that purpose. And the Officer in charge of the Custom House, subject to the general instructions of the Local Government, shall decide what Spirits fall within this Proviso, and his decision thereon shall be final in law.

III. The following additional Article shall be read as part of Schedule A of the said Act:—

Firewood ... Free.

IV. This Act shall be read and taken as part of the said Act XI of 1862, Act to be read as part of Act XI of 1862.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill proposes three amendments in Schedule A of Act XI of 1862 (*to amend the Duties of Customs on Goods imported and exported by Sea*).

The first amendment proposed is in Article 18 of the Schedule relating to Machinery.

Previously to the passing of Act VII of 1859, Machinery of all kinds imported by Sea into the Presidencies of Bengal and Madras was liable to a duty of 3½ per cent. when imported on British Bottoms, and of 7 per cent. when imported on Foreign Bottoms. The same duties were chargeable at Bombay until the enactment of Act I of 1852. Under the two Acts just mentioned Machinery imported for the improvement of the communications and the development of the resources of the country was allowed to be admitted free of duty, and by Act X of 1860 the exemption was extended to Machinery of all kinds. The same general exemption is contained in Act XI of 1862, which now regulates the rates of Custom duties on Goods imported or exported by Sea throughout the British Territories in India.

It is considered that the later enactments have carried the exemption from duty farther than was requisite or proper, and that they involve an unnecessary sacrifice of Customs Revenue. Under Article 18, as it now stands, it must be obvious that many articles included under the head of Machinery may be admitted free of duty, for the exemption of which no special or adequate ground exists. It is proposed therefore to revert to the rule in force previously to the passing of Act X of 1860, and to confine the exemption from duty to Machinery used exclusively for purposes of agriculture, navigation, mining, or manufacture, or for Railway purposes, and materials forming necessary component parts of such Machinery. The latter part of the Article, amended as proposed, appears a proper concession in favor of component parts of Machinery used exclusively for the purposes mentioned in the former part of the Article.

A slight alteration is also proposed in the Note to Article 18, in order to give the Local Governments, acting under the general instructions of the Government of India, authority to control the Officers of their respective Custom houses in construing the Article in question. A similar provision is contained in the new Customs Bill as regards the administration of the Department generally. There seems no doubt that the provision will conduce to the convenience of the public, while it will leave full power in the hands of the Supreme Government to issue such instructions as it may consider necessary for the protection of the Customs Revenue and for maintaining uniformity of practice in the several Presidencies.

The next alteration proposed is in Article 23 of the Schedule, which relates to the duty on Spirits. Under that Article methylated Spirits, or Spirits used exclusively in arts or manufactures, or in chemistry, are liable, on importation by Sea, to the same duty as Spirits intended for human consumption as a beverage. It is thought that, with a view to the promotion of arts and manufactures, a distinction should be made between Spirits exclusively used for the purposes of fireproof, and Spirits used for other purposes. Spirits of Wine, under certain restrictions, are allowed to be used duty free in the United Kingdom, and when the Bill to amend the Law relating to the Abkaree Revenue

of Bengal was before the late Legislative Council, a Section was proposed, the object of which was to place the law in India on the same footing in this respect as the law at home, but the proposition was opposed on two grounds. The first ground was that the state of the Finances at the time would not admit of our giving up any source of Revenue, and that while we were imposing new taxes which would bear heavily on the poorer and lower classes, we ought not to remit any existing tax however wise it might be on principle to do so. The second ground was that no proper means existed in this country to prevent frauds on the Revenue.

With regard to the first of these grounds the improvement which has taken place in the state of the Finances since this ground of objection was urged, has enabled the Government to remove the taxes alluded to as those which would affect the poorer and lower classes, and Financial considerations no longer appear to offer any obstacle to granting some remission of duty, which has again been asked for, in favor of Spirits used in manufactures and arts, or in chemistry. The Government of Bengal supports the recommendation of the Board of Revenue at Calcutta for a reduction of the present duty on methylated Spirits, and these Authorities seem to anticipate no difficulty in adopting measures which will prevent any abuses from taking place consequent on an alteration of the law. It is not however proposed to admit methylated Spirits free of duty. What is proposed is, that such Spirits shall be charged with duty at the rate of 10 per cent. *ad valorem*. The importation will also be subject to such rules as the Government shall from time to time prescribe for ascertaining that the Spirits are unfit for use as a beverage, and incapable of being converted to that purpose. Spirits distilled in the country and which may be intended to be used in arts or manufactures, or in chemistry, will be dealt with separately.

The third and last alteration proposed in the Schedule is the addition of an Article to exempt firewood, when imported by Sea, from the payment of duty, thereby placing firewood on the same footing as coke and coal which are admitted free of duty. Owing to the large consumption on the Railways and other causes, firewood has risen greatly in price, and in some parts of the country it is becoming very scarce. It is desirable to encourage its importation as much as possible, but the present high duty is found to operate as a serious impediment. The amount of Customs Revenue realized on this article is very trifling, and on Financial grounds there is no object in retaining the duty.

XVIII. No special appeal shall lie from any decision or order which shall be passed in regular Appeal by any Court after the passing of this Act, in any suit of the nature cognizable in Courts of Small Causes under Act XLIII of 1860, when the debt, damage, or demand for which the original suit shall be instituted shall not exceed the sum of five hundred Rupees.

XIX. If in any case of regular Appeal in which under the last preceding Section no special appeal is allowed, or in any case of second Appeal admitted under Section VII of this Act, any question of law or usage having the force of law, or the construction of a document affecting the merits of the case shall arise, on which the Court trying the Appeal shall entertain reasonable doubts, the Court may, either of its own motion or on the application of either of the parties to the Appeal, draw up a statement of the case, and submit such statement with its own opinion for the decision of the Chief Commissioner. The provisions contained in Sections 29 to 34 of Act XXIII of 1861 (*to amend Act VIII of 1859, for simplifying the procedure of the Courts of Civil Judicature not established by Royal Charter*) shall be applicable to the statement so submitted, and the Chief Commissioner shall proceed in the case under the Rules contained in the said Sections for the direction of the Sudder Court so far as the same are applicable.

All cases or proceedings arising under the said Acts or under Act XXXV of 1858 (to make better provision for the care of the estates of Lunatics not subject to the jurisdiction of the Supreme Court of Judicature) or Act XXVII of 1860 for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons) shall be received and determined by the Deputy Commissioner of the District subject to the provisions in the said Acts contained respectively as to jurisdiction and otherwise. All orders passed by the Deputy Commissioners in such cases or proceedings shall be open to appeal to the Commissioner of the Division, provided that no such appeal shall be allowed unless it be presented within thirty days from the date of the order appealed against, or unless the party making the appeal can shew good and sufficient cause to the satisfaction of the Commissioner for not presenting the appeal within such period. The order of the Commissioner on any such Appeal shall be final.

Except as is in this Act otherwise provided, the proceedings in Civil suits of every description between party and party brought in the Courts of Civil Judicature in British Burmah mentioned in Section II of this Act, shall be regulated by the said Code of Civil Procedure, and, except as otherwise provided by this Act or by any Law which may hereafter be passed, by no other Law or Regulation.

XXIV. Act XIV of 1859 (to provide for the limitation of suits), as amended by Act XIV of 1862, is hereby extended to the Province of Pegu, and shall take effect therein from the date on which this Act comes into operation in British Burmah in supersession of any law of limitation in force in the said Province. Provided that all suits pending in any of the Civil Courts in the said Province upon the date upon which this Act comes into operation in British Burmah shall, so far as regards the provisions in this Section contained, be tried and determined as if this Act had not been passed.

XXV. Except as otherwise provided in this Act, the powers vested in the Sudder Court by the Code of Civil Procedure, shall be exercised in British Burmah by the Chief Commissioner.

XXVI. Except as provided in Section XIX of this Act, the Stamp Duties prescribed by Schedule B annexed to Act X of 1862 (to consolidate and amend the law relating to Stamp Duties) for Instruments and Writings in the Sudder Court and the Courts subordinate to the Sudder Court, shall be chargeable on Instruments and Writings in the Court of the Chief Commissioner and the several Courts subordinate to the Chief Commissioner.

XXVII. The local jurisdiction of a Deputy Commissioner shall be deemed Construction of District Court as a District for the purpose of used in Code of this Act, and the Court of Civil Procedure. such Deputy Commissioner shall be deemed the District Court within the meaning of the Code of Civil Procedure.

XXVIII. This Act shall come into operation on the 1st day of January 1863.

STATEMENT OF OBJECTS AND REASONS.

THIS Bill, while maintaining all the existing classes of Courts in British Burmah, defines the jurisdiction to be exercised by each class of Courts, and lays down rules for the admission of Regular as well as Second and Special Appeals, which, it is considered, will greatly improve the administration of Civil Justice in that branch of the Department.

Special Appeals will be admissible under the Bill on the same grounds on which such Appeals may be admitted in the Regulation Provinces, that is, on the ground of the decision of the Court below being contrary to some law or usage having the force of law, or of a substantial error or defect in law, or in the procedure or investigation of the case which may have produced error or defect in the decision of the case upon the merits. Special Appeals will be cognizable by the Chief Commissioner alone in his capacity of Judicial Commissioner, or principal Civil Judge of the Province. In order to keep the law settled it is obviously desirable that there should be only one tribunal for the determination of the questions which may arise in Special Appeal. But it is proposed that the Divisional Commissioners shall be allowed, on certain conditions, to admit a Second Appeal from the decisions passed in Regular Appeal by the Officers subordinate to them. No such Appeal is allowed in the Regulation Provinces, but looking to the comparatively short period that British Burmah has been subject to our rule, and to other circumstances, it is thought desirable that, for a time at least, the Appellate Authorities immediately over the District Officers should possess larger powers of interference with the decisions of their subordinates than are exercised by the corresponding Authorities in our older Provinces.

The Bill proposes to extend the Code of Civil Procedure, with some modifications, to British Burmah generally. The Code is already in force, under an order of the Supreme Government, in the entire Territory, with exception to the Province of Pegu, in which the proceedings of the Civil Courts are regulated by a Code prepared by Major Sparks, the Commissioner of Pegu, and which bears that Officer's name. Major Sparks' Code does not differ very materially from the Code of Civil Procedure, but it is considered that there should be a uniform Code for the whole Province. The modifications proposed to be made in the Code in its application to British

Burmah do not affect the general principles on which the Code is based. They relate chiefly to the powers to be exercised, in certain matters, by the controlling Authorities, and are considered desirable to adapt the Code to the peculiarities of the Province.

It was thought that the Governor-General in Council, acting under the authority conveyed in one of the concluding Sections of the Code might extend the Code, by an order in Council, to the Province of Pegu, but the learned Advocate-General has given it as his opinion that as, subsequently to the passing of the Code, the Supreme Government sanctioned Major Sparks' Code being introduced into the Province of Pegu, and the order conveying such sanction has since received the force of law by a Section in the Indian Councils Act of last year, an Act of the Legislature is necessary to repeal Major Sparks' Code and to authorize the substitution for it, within the Province of Pegu of the Code of Civil Procedure contained in Act VIII of 1859.

The Bill further proposes to extend to the Province of Pegu in supersession of the Law of Limitation contained in Major Sparks' Code the general Law of Limitation contained in Act XIV of 1859, which is already in force in the remaining portion of the Territory. The opinion given by the Advocate-General that a new law is necessary to introduce the Code of Civil Procedure into the Province of Pegu, in the place of Major Sparks' Code applies equally to the general Law of Limitation. Major Sparks has proposed two slight alterations in the general Law of Limitation, should it be determined to extend that law to British Burmah and the Chief Commissioner agrees with him and thinks that, so far as British Burmah is concerned the two alterations proposed by Major Sparks should be made general. One of these alterations relates to claims for the partition of joint undivided Estates, and the other to Mortgages. The first alteration appears to me to be unnecessary, and to have been proposed under a mistaken view of the law. The other proposed alteration ought not, in my opinion, to be adopted. The other Acts which the Bill proposes to extend to British Burmah have been, for some time, in force in other parts of India, and have been found to work well and as cases such as those to which the provisions of these Acts are applicable, must frequently occur in British Burmah, where no law now exists for their disposal the extension of the Acts to the Province seems desirable.

The 5th November 1862.

M. WYLLIE,

Deputy Secy to the Govt. of India,

Home Department.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 19th November 1862, and was referred to a Select Committee with instructions to make their Report thereon in six weeks —

No. 55 of 1862.

A Bill to regulate the admission of Appeals to Her Majesty in Council from certain Judgments and Orders in Provinces not subject to the General Regulations.

WHEREAS it is expedient to regulate the admission of Appeals to Her Majesty in Council from certain judgments and orders in Provinces not subject to the General Regulations; It is enacted as follows:—

I. If a party in a suit is desirous of preferring an Appeal to Her Majesty in Council from any final judgment, decree, or order made on

Appeal or revision by the Court of highest Civil jurisdiction in any Province in British India not subject to the General Regulations, or from any such final judgment, decree, or order made in the exercise of original jurisdiction by the said Court, in any case in which the sum or matter at issue is above the amount or value of 10,000 Rupees, or in which such judgment, decree, or order shall involve directly or indirectly, any claim, demand, or question to or respecting property amounting to or of the value of 10,000 Rupees or from any other final judgment, decree, or order made either on appeal or otherwise as aforesaid, when the said Court shall declare that the case is a fit one for appeal to Her Majesty in Council, such Court shall admit such Appeal subject to such rules and orders as shall be in force or shall from time to time be made in that behalf by Her Majesty in Council in respect of such Appeals from Her Majesty's High Courts of Judicature in British India:

II. It shall further be lawful for such Court at its discretion upon the petition of any party who considers himself aggrieved by any preliminary or interlocutory judgment, decree, order, or sentence of such Court in any such proceeding as aforesaid (not being of Criminal jurisdiction), to grant permission to such party to appeal against the same to Her Majesty in Council subject to such rules, regulations and limitations as shall be in force, or as shall from time to time be declared by Her Majesty respecting Appeals from final judgments, decrees, orders, and sentences of Her Majesty's said High Courts of Judicature.

III. On the admission or permission of the Appeal by the Court as hereinbefore provided, the Court shall forthwith cause notice to be given to the other party that the Appellant has preferred an Appeal to Her Majesty in Council.

IV. The Court if applied to, may either order the judgment or determination appealed against to be enforced, taking sufficient security for the performance of such order or decree as Her Majesty in Council may make on the Appeal, or it may direct, on similar security being found, that no order for enforcing the judgment or determination shall be issued pending the Appeal, and that, if any such order has been issued, it shall so far as it has not been executed, be suspended.

V. In either of the cases mentioned in the last preceding Section the Court shall require the Appellant to find security for costs of Appeal. The Court may think likely to be incurred by the Appellant.

VI. If a party who is desirous of preferring an Appeal to Her Majesty in Council in any of the cases mentioned in Section I or Section II of this Act shall require the assistance of the said Court for obtaining security from the other party for staying execution of the judgment, decree, order, or sentence that has been passed, or for any other purpose, he shall present his Petition to the said Court within six calendar months from the date

Appellant to find security for costs of Appeal.

may think likely to be incurred by the Appellant.

VI. If a party who is desirous of preferring an Appeal to Her Majesty in Council in any of the cases mentioned in Section I or Section II of this Act shall require the assistance of the said Court for obtaining security from the other party for staying execution of the judgment, decree, order, or sentence that has been passed, or for any other purpose, he shall present his Petition to the said Court within six calendar months from the date

require the assistance of the said Court for obtaining security from the other party for staying execution of the judgment, decree, order, or sentence that has been passed, or for any other purpose, he shall present his Petition to the said Court within six calendar months from the date

of the judgment or determination appealed against.

VII. If at any time pending an Appeal under this Act the security taken from either party appears inadequate, whether from the increase or improvement of the property forming the subject of appeal, or from the insufficiency of the securities, the Court before which the Appeal is pending may, on the application of the other party, require further security.

VIII. In default of such further security being found of the original security was furnished by the Appellant, the Court may issue an order for enforcing the judgment or determination appealed against as if no such original security had been given, and if the original security was furnished by the respondent, the Court, so far as may be practicable, shall compel him to deliver up the property forming the subject of appeal, which shall be disposed of in conformity with such of the rules in force as may be applicable to the particular case.

IX. In every case of Appeal under this Act the Court shall certify and transmit to Her Majesty in Council under the seal of the Court two true and correct copies of all evidence, proceedings, judgments, decrees, and orders had or made in the case appealed, so far as the same have relation to the matters of appeal, together with a copy of the reasons given by such Court for or against the judgment or determination appealed against.

X. The expense of preparing the two aforesaid copies, and of translating into English so much of the original documents as may not be in that language, shall be defrayed by the party prosecuting the Appeal.

XI. The Court shall cause the deposit by the Appellant, within the time allowed for furnishing security for costs of Appeal, of such a sum as shall be sufficient to cover the expense of making the two aforesaid copies, and when such deposit shall have been made, and not till then, to declare the Appeal admitted, and to give notice thereof to the Appellant and respondent respectively.

XII. Either party, on application, may obtain one or more authenticated copies of any of the papers in the suit on paying the reasonable expenses incurred in preparing them.

XIII. Either party, in like manner, may obtain an authenticated copy of any local regulation or law which he may require in the Appeal.

XIV. The orders or decrees of Her Majesty in Council, when duly certified, shall be enforced and executed, under the directions of the said Court, by the Judge or Officer by whom the suit was originally tried in the manner and according to the rules and laws

applicable to the execution and enforcement of original orders or decrees made by such Judge or Officer.

XV. Any party desirous of enforcing or obtaining execution of any such decree or order made in Appeal as aforesaid, shall present a petition for that purpose to the Court which made the first decree or order appealed from, and the said petition shall be accompanied by a certified copy of the decree or order made in Appeal and sought to be enforced or executed.

XVI. An Appeal shall lie from any decree or order made by such last mentioned Court relating to the enforcement or execution of any such decree or order made in appeal as aforesaid in the same manner and subject to the same laws, rules, and regulations as an Appeal from an order or decree made upon a petition for the enforcement of execution of the decree or order first appealed from, would have been.

XVII. Nothing herein contained shall be construed so as to prevent the said Court of highest Civil jurisdiction from enforcing or obtaining execution of a decree or order made or passed by Her Majesty in Council, if Her Majesty in Council shall think fit to decree or order the said Court to enforce or execute the same.

XVIII. Nothing in this Act contained shall be understood to bar the full and unqualified exercise of Her Majesty's pleasure upon all Appeals to Her, either in rejecting any she may consider inadmissible, or in receiving any she may judge admissible.

XIX. The words "British India" denote the Territories which are or may become vested in Her Majesty by the said Statute 21 and 22 Vic. c. 106, entitled "An Act for the better Government of India."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to extend to the Non-Regulation Provinces the Rules relating to the admission of Appeals to Her Majesty in Council, and to the execution of the decrees passed on such Appeals which are now in force in the Regulation Provinces or the three Presidencies.

The right of Her Majesty to admit Appeals from decisions passed by the Court in the Non-Regulation Provinces equally with Appeals from the decisions passed by the Courts in the Regulation Provinces, is not questioned. But there is no law empowering the Courts in the Non-Regulation Provinces to allow or even to receive Appeals from their decisions to the Queen in Council, or, of their own authority, to transmit the records of the cases in which the Appeal is made, or a translation of the papers, to England. The consequence is that parties wishing to appeal to the Queen in Council from decisions passed by the Courts in the Non-Regulation Provinces, are compelled to prefer their Appeals direct to the Privy Council, and an order has to be sent from home for the translation of the papers and their transmission to England. This necessarily adds to the expense of the Appeal, and also causes delay in the hearing and decision of the Appeal. The present Bill is introduced in consequence of the receipt of a communication from the Registrar of the Privy Council, intimating that, in the opinion of the Lords of the Judicial Committee of the Privy Council, measures should be taken to

place the prosecution of Appeals from the highest Civil tribunals in the Non-Regulation Provinces on the same footing as Appeals to Her Majesty in Council from the Courts in the Presidencies of Bengal, Madras, and Bombay.

It is proposed shortly to revise the existing rules relating to Appeals to Her Majesty in Council from the Courts in this country, and to frame a new Code of Rules to regulate such Appeals; but some time must necessarily elapse before the new Code is ready for promulgation.

Government of Bengal.

LEGISLATIVE DEPARTMENT.

ACT No. IX of 1862.

An Act to amend the law relating to the appointment of Registers of Deeds, and to provide for the establishment of Deputy Register Offices.

WHEREAS it is expedient to amend the law relating to the appointment of Registers of Deeds in the Provinces subject to the Government of Bengal; and whereas the establishment of Deputy Register Offices will be attended with convenience to the public; and whereas instances have occurred of persons exercising the office of Register of Deeds, with regard to the legality of whose appointment to that office doubts have arisen; It is enacted as follows:—

I. Section XV of Regulation XXXVI. 1793, Act XXX of 1838 with the exception of Section V of that Act, Sections I, II, and III of Act IV of 1845, and Act XI of 1851, are hereby repealed.

II. The Lieutenant-Governor of Bengal may, in each and every District of the Provinces subject to the Government of Bengal, appoint any person whom he may think fit to be a Register of Deeds in and for such District under the provisions of the Laws and Regulations as to the registration of deeds now in force in those Provinces. Every Register so appointed shall be styled the "District Register" of the District to which he is appointed, and his Office shall be styled the "District Register Office."

III. appointed shall be styled a "Deputy Register" of the District to which the Office of which he has charge belongs.

IV. The Lieutenant-Governor of Bengal shall fix the limits of the various Sub-Divisions and places for or at which the Deputy Register Offices are established, and may, from time to time, alter the limits so fixed.

V Except as in this Act provided, the registration of deeds at any "District Register Office" or "Deputy Register Office" shall be subject to all the Laws and Regulations now in force as to the registration of deeds, in the same way as if the Register Offices to be established under this Act had been expressly mentioned or referred to throughout such Laws and Regulations.

VI. Clauses 2 and 3 Section VI of Regulation XX. 1812, shall not be applicable to Deputy Register Offices or Deputy Registers for the registry of deeds under this Act.

VII. In case of the death or absence on leave or otherwise of any District Register or Deputy Register, it shall be lawful for the Zillah Judge or other Officer specially authorised by Government in that behalf, to appoint any person whom he may think fit to take temporary charge of the Office of such District Register or Deputy Register, and to register deeds in the same manner as if such person had been appointed to the Office by the Lieutenant-Governor of Bengal.

VIII. Deeds may be registered in any District Register Office or in any Deputy Register Office established under this Act, whether such Office be or to be not in the District, Sub-Division, or place where the property to which such deeds relate, or any part thereof, is situated.

Whenever a deed is tendered for registration in any Deputy Register Office, it shall be the duty of the Deputy Register of that Office to require the person tendering the deed to furnish and leave with him two copies thereof attested as prescribed in Clause 1 Section II of Regulation XX. 1812. One of such copies shall be forwarded by the Deputy Register to the District Register of the District within which his Office is situated, and the District Register on receiving such copy shall register the same as if it had been presented to him in the first instance by the person registering. All fees required for registration shall be paid, by or on behalf of the person tendering the deed for registration, before the same is registered.

X. When no part, or a portion only, of the property to which a deed, registered in the Office of any District or Deputy Register, relates, is situated within the District in which the deed is registered, it shall further be the duty of the Registering Officer to forward a copy of the deed as registered in his Office, to the District Register Office of every District in which any part of such property is situated. Such copies or copy shall be furnished and attested as prescribed in Clause 1 Section II of Regulation XX. 1812; and every District Register receiving a copy so forwarded shall duly register it, as if it had been presented to him in the first instance by the person registering. For every such copy required for transmission to any other District Register Office as aforesaid, the person registering shall pay the whole fee usually payable on registration.

XI. All fees received by any District Register or Deputy Register of Deeds appointed under this Act, shall be accounted for to Government in such manner as the Government may direct, and out of the fees so accounted for, whether received by one Office or by more than one Office, the Government shall pay to the District Registers and Deputy Registers so appointed as aforesaid such salaries as it shall think proper.

XII. So much of Section XIV of Regulation XXXVI. 1793, as provides that from the fees in that Section mentioned the Register shall provide the necessary Native Officers to make the entries and copies directed as well as the required stationery, is hereby repealed as regards all District Registers and Deputy Registers appointed under this Act; and it is hereby provided that the Government may allow such Establishments to the several District Registers and Deputy Registers appointed under this Act as may be necessary for the efficient conduct of the duties of their respective Offices, and the cost of such Establishments shall be paid by Government out of the fees accounted for as directed in the last preceding Section: and all the expenses connected with the said District and Deputy Register Offices respectively, including the supply and safe custody of Register Books, shall be defrayed by Government out of the said fee fund.

XIV. All registrations of deeds which have, before the passing of this Act, been made by any Officer holding or professing to exercise the office of Register of Deeds in any of the Provinces subject to the Government of Bengal, although he may not have been legally appointed to such Office, and all acts done by such Officer in reference to such registrations, are hereby declared to be and to have always been valid and good in all respects, as if such Officer had been legally appointed at the time of making the registrations or doing the acts.

XV. The Government is hereby empowered to frame Rules for the guidance of all District and Deputy Register Offices, provided that the same shall not be inconsistent with the provisions of this or any other Act or Regulation for the time being in force.

A. G. MACPHERSON,
Secy. to the Govt. of Bengal,
Legislative Department.

THE following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 22nd November 1862, and was referred to a Select Committee who are to report thereon after the 26th of December next:—

A Bill to regulate the Transport of Native Laborers to the Districts of Assam, Cachar, and Sylhet.

WHEREAS it is expedient to regulate the passage and transport of native laborers, from or through the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, and Sylhet; and also to regulate the manner of engaging and contracting with Native inhabitants of the said Provinces to proceed to the said Districts for the purpose of laboring for hire: It is enacted as follows:—

I. From and after the day of 1863, no Native inhabitant of India shall be allowed to pass or be conveyed, from or through any of the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring for hire in the said Districts, or any or either of them, except under the provisions of this Act. Whoever shall engage, or take, otherwise than under the provisions of this Act, any person from any place in the said Provinces to any or either of the said Districts for the purpose of laboring there for hire, shall be liable to a fine not exceeding two hundred Rupees for every person so engaged or taken, and in default of payment of such fine shall be liable to imprisonment for a term not exceeding six months.

II. It shall be lawful for the Lieutenant-Governor of Bengal to appoint Superintendent of Labor Transport, and also to appoint Medical Inspectors of Laborers at any place or places where he may think proper, and that, whenever any Superintendent of Labor Transport is appointed at any place, he shall be responsible for the health and well-being of the laborers transported to and from that place.

Inspector shall be appointed, the Lieutenant Governor of Bengal shall, by Notification in the *Cable Gazette*, define the local limits within which such Superintendent or Medical Inspector shall exercise the powers and authority conferred on him by this Act. When such local limits shall have been so defined, no other Superintendent or Medical Inspector shall within those limits exercise any of the powers vested in a Superintendent or Medical Inspector by this Act.

III. It shall not be lawful for any person, whether in the service of the Government or not, who is not duly licensed as a Contractor or Recruiter as hereinafter provided, to engage or induce, save through or by the Agency

of a licensed Contractor, any Native inhabitants of India to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. Any person who, without being so licensed, shall enter into any contract or agreement to supply any such

native inhabitants for the purpose of laboring for hire in those Districts or any or either of them, or shall enter into any contract or agreement to engage or induce, or to attempt to engage or induce, any such Native inhabitants to proceed to any of those Districts for the purpose aforesaid, shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof to imprisonment for a term not exceeding two months.

IV. It shall be lawful for any Superintendent appointed under this Act to grant licenses, in the form set forth in Schedule (A) to this Act annexed, to such persons

as he may think fit, to act as Contractors for engaging or supplying persons for the purpose of laboring for hire in the Districts of Assam, Cachar, and Sylhet, or any or either of them. For every such license a fee not exceeding one hundred Rupees (according to such a scale as may from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same; and every such license shall be in force for one year and no longer.

V. Every Contractor licensed under this Act shall, if called on to do so by the Superintendent by whom he is licensed, establish a depot in a place to be approved of by such Superintendent. Every

such depot shall be called a licensed depot, and shall be kept up by the Contractor for the reception of laborers to be supplied or forwarded by or through him. All such laborers shall, on their arrival at or in the neighbourhood of a licensed depot belonging to the Contractor by, or through, or for, whom they have been engaged or forwarded, be at once taken to, and received into, it, and shall be entitled in it, and at the expense of such Contractor, to receive suitable lodging, food, clothing, and medical attendance, until they shall be declared by the Superintendent to be no longer entitled thereto. Every licensed depot shall be under the supervision of the Superintendent, and shall be open to his inspection, and to the inspection of the Medical Inspector, at all times, and shall be managed and regulated by the Contractor in accordance with such rules as the Superintendent may, with

the sanction of the Lieutenant-Governor of Bengal, from time to time lay down in that behalf.

VI. It shall be the duty of every Contractor to afford such information to the Superintendent by whom he is licensed, and to make such returns and reports to him as such Superintendent may require.

VII. It shall not be lawful for any person, whether a licensed Contractor or otherwise, to employ any person, not duly licensed as hereinafter provided, to act as a Recruiter or Agent in inducing or engaging Natives of India to proceed, from or through any of the Provinces subject to the Government of Bengal, to the Districts Assam, of Cachar, or Sylhet, as laborers for hire.

VIII. It shall be lawful for any Superintendent to grant licenses, in the form set forth in the Schedule (B) to this Act annexed, to such persons as he may think fit, to act as Recruiters for engaging or inducing persons to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. For every such license a fee not exceeding sixteen Rupees (according to such a scale as may from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same, and every such license shall be in force for one year and no more.

IX. It shall be lawful for any Superintendent, in case of misconduct on the part of a Contractor or of a Recruiter, to cancel any license which he may have granted to such Contractor or Recruiter.

X. Every person holding a license as Recruiter shall wear a badge having legibly inscribed on it, in the Oordoo and Bengallee languages, the District or Districts to proceed to which he is licensed to engage laborers; and no

Recruiter shall engage or attempt to engage laborers in any District without first having exhibited his license to a Magistrate in such District and having obtained the countersignature of the Magistrate thereupon. The Magistrate shall on application countersign any Recruiter's license which may be still in force.

XI. Every person who shall enter into any engagement with a Recruiter to proceed to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring for hire, shall, when called on by the Recruiter so to do, appear before the Magistrate of the District where such person for the time being resides. The Magistrate shall thereupon examine such person with reference to his engagement, and if he shall be of opinion that he is willing to proceed as aforesaid and comprehends the nature of the engagement he has entered into, the Magistrate shall register the name of such person in a book to be kept by him for the purpose in such

form as the Lieutenant-Governor of Bengal shall prescribe, but if the Magistrate shall be of opinion that such person does not comprehend the nature of his engagement or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person.

XII. Every Recruiter desirous of forwarding to a licensed depot any laborers registered as in the last preceding Section prescribed, shall furnish the Magistrate by whom they were registered with their names, and shall state to what licensed depot he desires to forward them. The Magistrate shall thereupon prepare and sign two copies of a list of such persons, and one of these copies shall be delivered to the Recruiter, and the other shall be forwarded by the Magistrate by post to the Superintendent within the local limits of whose authority such licensed depot is situated, together with such information as to the date of departure of the persons in such list referred to, and of their probable arrival at the depot, as he may be able to furnish.

XIII. Every Recruiter who shall forward or send any laborer from the District in which he resides or in which he has entered into any engagement, or who shall induce or knowingly permit any laborer to leave such District, for the purpose of proceeding to the Districts of Assam, Cachar, or Sylhet without the laborer being duly registered as provided in Section XI. of this Act; and every Recruiter who shall forward or send on any laborers without having furnished the Magistrate with the list and information which by the last preceding Section he is bound to furnish, shall be liable to a fine not exceeding two hundred Rupees for every laborer so forwarded or sent or induced to leave the District, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XIV. All registered laborers proceeding to a licensed depot, shall be accompanied throughout the journey either by the Recruiter on whose requisition, or through whom, or on whose behalf they were registered, or by a competent person appointed by such Recruiter with the approval of the Magistrate by whom the laborers may have been registered. Every Recruiter by or through whom laborers may be forwarded shall make proper provision for the welfare of such laborers, and every such Recruiter, whether he accompanies the laborers or not and notwithstanding that the laborers may have been accompanied by a person approved of by a Magistrate, shall be responsible for their welfare.

XV. Every Contractor shall, within twenty-four hours of the arrival of any laborer at his depot, give to the Superintendent a notice in writing of such arrival, which notice shall be in such form and shall contain such particulars as the

Superintendent shall prescribe. Every laborer shall as soon as may be after his arrival be examined by the Medical Inspector, who shall give to the Superintendent a certificate of the state of health of every laborer examined.

XVI. If the Medical Inspector shall certify that any laborer is not in a state of health which warrants his proceeding to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring, the Superintendent shall order the Contractor, in whose depot such laborer may be, forthwith either to send him back to the place at which he was registered or to pay to the laborer such sum as shall to the Superintendent seem necessary to enable him to return there: and the Contractor shall, without unreasonable delay, either send the laborer back to the place at which he was registered, or furnish him with such sum as aforesaid. On failure of the Contractor for twenty-four hours to comply with an order of the Superintendent for the payment of such sum of money as aforesaid, it shall be lawful for the Superintendent to advance the same to the laborer, and every sum so advanced shall be recoverable by the Superintendent from the Contractor on whose default it may be advanced, as money paid to the use of such Contractor: and no further proof shall be required by any Court in any such case, than that the Superintendent gave the Contractor such order as aforesaid and that the Contractor for a space of twenty-four hours made default in complying therewith, and showed no reason or excuse to the satisfaction of the Superintendent for such default. Provided always that any laborer who from his state of health is, in the Medical Inspector's opinion, unfit to undertake the journey back to the place where he was registered, shall, in addition to his being sent back by or at the expense of the Contractor, be entitled to continue in the licensed depot and to be fed, clothed, and lodged by and at the expense of the Contractor until such time as the Superintendent shall order otherwise.

XVII. The Superintendent shall examine separately each laborer, as soon as possible after his arrival, as to his willingness to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire and as to the treatment that he has received on the journey to the depot: and in case it shall appear that any laborer has been brought or induced to come to the depot against his will or on false representations, or that he has suffered any ill-treatment on the journey, the Superintendent may cause him to be removed from the depot. The Superintendent may thereupon order the Contractor, from whose depot the laborer is removed, to pay him such a sum of money as to the Superintendent shall seem necessary in order to enable the laborer to return to the place where he was registered: and on failure of the Contractor to pay such sum within twenty-four hours of his being ordered to do so, the Superintendent may advance the amount to the laborer: and all the provisions of the last preceding Section as to sums advanced by the Superintendent shall be applicable, so far as the circumstances of the case will permit, to amounts made by him under this Section.

The Superintendent shall attest every contract duly executed in his presence and certify at the foot thereof that he has personally explained the same and has satisfied himself as aforesaid. An abstract of every such contract shall be entered by the Superintendent in a book to be kept by him for the purpose: and after such abstract has been entered, one of the copies so duly signed and attested as hereinbefore provided shall be given to the laborer, and the other of the said copies shall be given to the person with whom he has contracted or his Agent.

XX. The Superintendent shall send an authenticated copy of every abstract entered by him as in the last preceding Section provided, by post, to the Magistrate of the District in which the service is in such contract agreed to be performed. Every such copy shall be despatched by the Superintendent within seven days after it shall have been filed. Every abstract and every such copy shall be receivable in evidence in any Court, whether Civil or Criminal, in the same manner as the original contract might be received and shall have in all respects the same effect as such original contract would have.

XXI. No laborer shall be so despatched unless the permission of the Superintendent shall have been first obtained, and the laborer shall have received a pass from the Superintendent as hereinafter mentioned.

XXII. It shall not be lawful for the Master of any Steamer or the Manjee of any boat, without a license granted by the Superintendent, to convey any laborer who may embark within the local limits of the authority of

such Superintendent for the purpose of proceeding to the Districts of Assam, Cachar, or Sylhet in order to labor there for hire. A fee, not exceeding one Rupee per laborer, (according to such a scale as may from time to time be fixed by the Government of Bengal,) shall be paid for every such license, which fee shall be carried to the credit of the said Government, and the granting or withholding any license shall be entirely discretionary with the Protector to whom application is made for the same. Every such license shall apply only to one voyage or trip from Calcutta to the Districts of Assam, Cachar, or Sylhet, or any one or more of those Districts, and shall specify the number of laborers which the steamer or boat is licensed to carry, and the license shall also specify the number of persons (including the crew) other than laborers, whom the steamer or boat is licensed to carry.

XXVI. It shall not be lawful for the Master of any steamer or the Manjee of any boat to take on board any such laborer as aforesaid, unless such laborer shall have in his possession and shall show a pass given to him and signed by the Superintendent, stating his name and age, and the name of his father, and certifying the place of his destination, and that having appeared before such Superintendent he has declared his willingness to proceed to work for hire in the District for the purpose of proceeding to which he embarks.

XXVII. It shall not be lawful for the Master of any steamer or the Manjee of any boat to cause or permit any such laborer as aforesaid, finally to leave such steamer or boat at any place other than that named as the destination of such laborer in the pass signed by the Superintendent. No place shall be named in any such pass as the destination of any laborer except a place which shall have been declared by the Lieutenant-Governor to be a place for the disembarkation of laborers under this Act. Provided always that that this Section shall not be deemed to prevent the Master of any steamer or the Manjee of any boat from permitting laborers to disembark at any place or places on the voyage, so long as such disembarkation is not intended, or known to be likely to be permanent.

XXVIII. Before any steamer or boat shall commence its voyage for the Districts of Assam, Cachar, or Sylhet, the Master or Manjee thereof shall deliver to the Superintendent a list in duplicate, in a form to be prescribed by the Lieutenant-Governor of Bengal, specifying as accurately as may be, the names, ages, occupations, and destination of all and every the laborers on board such steamer or boat. The Superintendent shall keep one of the said lists and shall sign the other (if it be in his opinion correct) and deliver it back to the Master or Manjee. XXIX. The Master of any steamer or the Manjee of any boat having laborers on board shall immediately on the arrival of the steamer or boat at the place of destination and previously to the disembarkation of any of the laborers, give notice of his arrival to the Magistrate of the Station or such other Officer as shall be appointed by Government in that behalf, and shall deliver to him the list in the last preceding Section mentioned.

XXX. The laborers shall thereupon be landed under the supervision of the Magistrate or other Officer aforesaid, who shall make such provision as he may consider necessary for the reception of the laborers and for their food, lodging, and clothing while they remain in the place or station at which they may have disembarked.

XXXI. The Magistrate or other Officer aforesaid shall, as soon as may be after their disembarkation, cause the laborers to be inspected by the Civil Surgeon of the Station. It shall be the duty of the Civil Surgeon to make such in-

spection when called on by the Magistrate or other Officer aforesaid so to do, and after making such inspection, he shall prepare and sign a report in which he shall certify as to the state of health and general condition of every laborer inspected.

XXXII. The Magistrate or other Officer aforesaid shall despatch without delay, to the Superintendent by whose permission they were forwarded, a detailed report of the number of laborers who may have arrived, together with a copy of the Civil Surgeon's report as to their state of health and general condition, and any observations which the Civil Surgeon or such Magistrate or other Officer aforesaid may think fit to make.

XXXIII. On the arrival of any laborers at the place of disembarkation, the Magistrate or other Officer aforesaid shall at once give notice of their arrival to the persons with whom they shall be under contract to labor or to the Agents of such persons, who shall forthwith take charge of the laborers with whom they may have contracted respectively, and shall, in such manner as shall be approved of by the Magistrate or other Officer aforesaid, provide for their proceeding or being conveyed to the place of their final destination. It shall be the duty of the Magistrate or other Officer aforesaid, to see, so far as is possible, that due attention is paid to the laborers from the time of their disembarkation till they reach their final destination, and if the persons with whom they may have contracted shall fail to provide for their reasonable comfort, the Magistrate or other Officer aforesaid may order such arrangements to be made, and incur such expenses, as under the circumstances may seem to him necessary and the amount of such expenses, as also any expenses incurred in the disembarkation, or in respect of the food, lodging or clothing of the laborers, or of any of them, shall be recoverable by the Magistrate or other Officer aforesaid from the persons with whom the laborers, in respect of whom the expenses have been incurred, may have contracted, as money paid to their use.

Such expenses as also any expenses incurred in the disembarkation, or in respect of the food, lodging or clothing of the laborers, or of any of them, shall be recoverable by the Magistrate or other Officer aforesaid from the persons with whom the laborers, in respect of whom the expenses have been incurred, may have contracted, as money paid to their use.

XXXIV. No greater number of passengers (whether laborers or others) shall be taken or conveyed on board of any steamer or boat carrying laborers to the Districts of Assam, Cachar, or Sylhet, than shall be after such rate as shall be from time to time fixed or allowed by the Government of Bengal. XXXVI. The Superintendent may refuse to grant passes to any laborers if the party to which they belong or with whom it is intended to forward them shall not consist of females above the age of twelve years in such proportion as the Lieutenant Governor of Bengal shall from time to time direct: provided always that the proportion shall never be less than twenty-five females for every one hundred males. And it shall not be lawful for any Master of a steamer or any Manjee of a boat to convey on board any steamer or any boat, except by the express permission in writing of the Superintendent, any party of laborers (whether they may have passes or not) which shall not contain such proportion of females as shall be directed by the Lieutenant-Governor of Bengal as aforesaid.

No. 528.

Port William, the 17th October 1862.

The following Rules for entering the Harbour of Port Blair are published for general information:—

The Penal Settlement of Port Blair, on the East side, and about four leagues from the South end of the South Great Andaman, is in Latitude 11° 43' North, and Longitude 92° 47' East from Greenwich; it has a spacious and safe harbour extending a considerable distance inland; the entrance is fronted by Ross Island, which extends about one mile in length in a N. N. E. and S. S. W. direction, its greatest breadth being about 1,000 yards, and its height above the level of the sea about 250 feet. Ross Island is easily distinguished from the surrounding land by its cleared appearance and the Houses on its summit, which, when the Sun shines on them, are visible for a distance of eleven to twelve miles. This Island

is the principal depôt of the Settlement and the residence of the Superintendent.

The Northern entrance to the harbour is between the North point of Ross Island and a point on the main land called "North Point," a distance of 1½ miles across, having deep water from within 100 yards of the shore on either side.

Vessels entering the North Channel should make the North end of Ross Island, keeping at a convenient distance from it, in not less than 10 fathoms, and stand to the Westward until the Channel between Ross Island and the main land is well open in about 25 fathoms, and the landing place and store-houses on the West side of Ross Island about S. E. Magnetic, then stand for the anchorage about S. S. E., and anchor off the town in from 9 to 15 fathoms, sandy bottom, about 500 yards from the beach, with the Superintendent's house on the hill bearing from E. by N. to E. N. E. Magnetic, and Atalanta point about West.

The line of shoal water off the N. and N. W. end of Ross Island is marked by small red buoys inside of which it would not be prudent to borrow.

The South Channel, formed between the South end of Ross Island and the Main, is narrow, and should only be attempted by Steamers or Sailing Vessels with a steady fair wind.

"Sesostris Reef," a dangerous patch, having only 1½ fathoms in some parts, rocky, uneven ground, bears S½ E. Magnetic, about three-fourths of a mile from the South end of Ross Island; it is about 600 to 800 yards in extent, and is marked by a red buoy which should be given a good berth, as the ground about is rocky and uneven.

Vessels entering this Channel from the Southward with a fair wind should, when about two miles to the Southward of Ross Island, at a convenient distance from the main land, keep the highest point of Ross Island about N. by E. Magnetic, and steer for it, passing well to the Westward of the Reef buoy; and with the buoy bearing S. 25 E. Magnetic, and the South end of Ross Island N. by E. about half a mile distance, the Channel between Ross Island and the Main will be well open when a N. N. W. course will lead up the Channel to the anchorage, keeping as near Mid Channel as possible.

During the strength of the S. W. Monsoon the wind generally hangs well to the Southward and often blows fresh and steadily along shore for some days with a current to the North-Eastward. Vessels coming from the Northward should therefore make the land to the Southward of Ross Island, if possible, and run up.

Wood and fresh water are easily obtained; and for Vessels having lost spars, or received other serious damage in the Bay or in the vicinity of the Andamans, Port Blair affords a very desirable place of shelter where their defects may be made good.

By Order,

JOHN G. REDDIE,

Offg. Secy. to the Govt. of India.

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.
2. The Opium will be ordinarily offered for sale at an upset price of Rupees 100 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.
3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.
4. Each lot shall contain five Chests.
5. A Promissory Note, for a sum calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchaser at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in shall be re-sold at such time or times and under such conditions of re-sale

When the amount bid is less than Rs. 1,200 per chest	Rs. 200 per Chest.
On bids of Rs. 1,200 but less than " 1,600	" 300
On bids of " 1,600 but less than " 2,000	" 400
And so on, " 2,000	" 400

for the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchaser at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in shall be re-sold at such time or times and under such conditions of re-sale

as the Board of Revenue shall see fit, and all losses and expenses whatsoever, attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes, taken on the day of Sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book; or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for sale in the mode herein

described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, *viz.*, two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1862, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests; and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time abovementioned,

	Chests.	the entire quantity of about
Behar	22,313	39,617 Chests of Behar and
Benares	17,304	Benares as above estimated
	39,617	will be brought to sale in the
		usual manner; and if they

shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to—

Article 6th.—“With regard to the trade in Opium, it is agreed between the High Contracting Parties that at each of the periodical Sales of that article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*.”

LEGISLATIVE.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 24th November 1862, and is hereby promulgated for general information :

ACT No. 1 of 1862.

An Act to provide for the regulation of the Subordinate Medical Officers' Widows' and Orphans' Fund, and the distribution of the funds belonging thereto.

Whereas certain regulations prepared and adopted by certain members of the Subordinate Medical Department, a Society was established at Perozepore, in 1852, for raising a Fund called "The Subordinate Medical Officers' Widows' and Orphans' Fund," the interest, dividends, and proceeds of which Fund were directed to be applied in making provision, at certain specified rates, for the widows and children of the subscribers, and it was directed that such provision should be made solely out of the interest and dividends of the said Fund; and whereas a petition has been presented to His Excellency the Governor-General in Council by certain subscribers and members of the said Society, stating that no subscriptions have been contributed to the said Fund since the year 1857, and that, in consequence thereof and of the deaths of several of the subscribers to the said Fund, no steps have been or can be taken to make the provision intended by the Regulations of the said Fund, and that no pensions whatever have, since the year 1857, been paid to any of the persons entitled to the benefits of the said Fund, and that, therefore, the expectations of the Founders of the said Fund have been disappointed and the objects for which such Fund was established have failed; and whereas it may be passed to wind-up the said Fund, and whereas no provision is made in the Regulations of such Fund for the dissolution thereof or the distribution of the funds belonging thereto, and it is

expedient to make provision for the same by law; It is enacted as follows —

I On the petition to the High Court, of Judicature at Fort William in Bengal of a majority of the subscribers of the said Subordinate Medical Officers' Widows' and Orphans' Fund, or of any ten subscribers of the Society and pensionaries on the said Fund, praying for the dissolution of the said Society, and the winding-up of the affairs of the said Fund, it shall be lawful for the said Court to make order for the same on the said petition, as fully as if the Regulations of the said Fund provided for the winding-up of the said Fund; and it shall be lawful for the said Court to make order for ascertaining and declaring the rights which attach on the said Fund, and for taking the accounts of the said Fund, and for the apportionment, division, and distribution of the said Fund, and for the ascertainment of the nature and numbers of the different claims on the said Fund, and of the persons having or entitled to make the said claims, and for the payment of the proper costs of the subscribers of the said Society, and of all parties conducting or otherwise concerned in the matter of the said petition and subsequent proceedings for winding-up the said Fund.

II It shall be lawful for the said Court, in such way as they may think fit, to obtain the assistance of an Accountant or Actuary may be employed. an Accountant or Actuary the better to enable the Court to determine any matter relating to the division and distribution of the Fund, and to act upon the certificate of such person.

III. In the cases of pensioners, or persons entitled to become pensioners, who shall consent to commute their pensions, it shall be lawful for the said Court to order that the amounts to be paid in commutation shall be settled, invested, or paid in such manner as will give the several persons therein interested the full benefit thereof.

IV. In the cases of pensioners or persons entitled to become pensioners, who shall refuse to commute their pensions, it shall be lawful for the said Court to order a sufficient sum to be set apart out of the said Fund to provide for the due payment of such pensions. The said Court may also sanction and give effect to any arrangement which it may deem just and sufficient for the future payment of any commuted sum or uncommuted pensions by any Life Insurance Company willing to undertake the payment of such pensions.

V. Guardians of minors pensioners, and of minors, if any, entitled to become pensioners on the said Fund, shall have full power and authority to consent on their behalf to commute the pensions of the minors for a fixed sum; and the said Court shall have full power and authority to give effect to such consent, and to make such order as the said Court may deem just for the application of the said commuted sum for the future benefit of the infant; and if there be no guardian, the mother, during her widowhood, may act as guardian, unless the said Court shall otherwise order; and if necessary, the said Court may appoint a guardian for any minor.

VI. In dividing and distributing the said Fund every part thereof which shall not be awarded by the said Court to members or representatives of deceased members, may, if the said Court shall think fit, be applied for the benefit of pensioners or persons entitled to become pensioners, whether they shall consent to commute their interests or not.

VII. With a view to expedite the distribution of the surplus of the said Fund over and above what may probably be necessary to provide for the pensions, the said Court shall have full power and authority at any time to order payment of a dividend of the said probable surplus to the persons entitled to the same, although the exact surplus and the exact amount of charges may not then be ascertained.

VIII. For the purpose of winding-up the said Fund, and finally closing the accounts thereof, the like proceedings shall be had for the bringing in of claimants on the said Fund, as in ordinary administration suits for bringing in creditors and other persons; and claimants being pensioners or entitled to be pensioners, who may neglect to come in, in a due course, or within the time limited for that purpose, shall be deemed to have consented to commute their pensions, and a final distribution may be made of the said Fund.

LEGISLATIVE DEPARTMENT.

THE following Act of the Lieutenant-Governor of Bengal in Council, having received the assent of His Honor on the 21st November 1862, was assented to by His Excellency the Governor-General on the 24th idem, and is hereby promulgated for general information :—

ACT No. IX OF 1862.

An Act to amend the law relating to the appointment of Registers of Deeds, and to provide for the establishment of Deputy Register Offices.

WHEREAS it is expedient to amend the law relating to the appointment of Registers of Deeds in the Provinces subject to the Government of Bengal; and whereas the establishment of Deputy Register Offices will be attended with convenience to the public; and whereas instances have occurred of persons exercising the office of Register of Deeds, with regard to the legality of whose appointment to that office doubts have arisen; It is enacted as follows :—

I. Section XV of Regulation XXXVI. 1793, Act XXX of 1838 with the exception of Section V of that Act, Sections I, II, and III of Act IV of 1845, and Act XI of 1851, are hereby repealed.

II. The Lieutenant-Governor of Bengal may, in each and every District of the Provinces subject to the Government of Bengal, appoint any person whom he may think fit to be a Register of Deeds in and for such District under the provisions of the Laws and Regulations as to the registration of deeds now in force in those Provinces. Every Register so appointed shall be styled the "District Register" of the District to which he is appointed, and his Office shall be styled the "District Register Office."

III. The Lieutenant-Governor of Bengal may establish subordinate Offices of Registry for such Sub-Divisions of Districts or at such places as shall to him seem proper, and every such subordinate Office shall be styled a "Deputy Register Office" of the District in which it is situated; and the Lieutenant-Governor of Bengal may appoint any person whom he may think fit to the charge of such "Deputy Register Office," and the person so

appointed shall be styled a "Deputy Register" of the District to which the Office of which he has charge belongs.

IV. The Lieutenant-Governor of Bengal shall fix the limits of the various Sub-Divisions and places for or at which the Deputy Register Offices are established, and may, from time to time, alter the limits so fixed.

V. Except as in this Act provided, the registration of deeds at any "District Register Office" or "Deputy Register Office" shall be subject to all the Laws and Regulations now in force as to the registration of deeds, in the same way as if the Register Offices to be established under this Act had been expressly mentioned or referred to throughout such Laws and Regulations.

VI. Clauses 2 and 3, Section VI of Regulation XX 1812, shall not be applicable to Deputy Register Offices or Deputy Registers for the registry of deeds under this Act.

VII. In case of the death or absence on leave or otherwise of any District Register or Deputy Register, it shall be lawful for the Zillah Judge or other Officer specially authorised by Government in that behalf, to appoint any person whom he may think fit to take temporary charge of the Office of such District Register or Deputy Register, and to register deeds in the same manner as if such person had been appointed to the Office by the Lieutenant-Governor of Bengal.

VIII. Deeds may be registered in any District Register Office or in any Deputy Register Office established under this Act, whether such Office be or to be not in the District, Sub-Division, or place where the property to which such deeds relate, or any part thereof, is situated.

IX. Whenever a deed is tendered for registration in any Deputy Register Office, it shall be the duty of the Deputy Register of that Office to require the person tendering the deed to furnish and leave with him two copies thereof attested as prescribed in Clause 1, Section II of Regulation XX. 1812. One of such copies shall be forwarded by the Deputy Register to the District Register of the District within which his Office is situate, and the District Register on receiving such copy shall register the same as if it had been presented to him in the first instance by the person registering. All fees required for registration shall be paid, by or on behalf of the person tendering the deed for registration, before the same is registered.

X. When no part, or a portion only, of the property to which a deed, registered in the Office of any District or Deputy Register, relates, is situated within the District in which the deed is registered, it shall further be the duty of the Registering Officer to forward a copy of the deed as registered in his Office, to the District Register Office of every District in which any part of such property is situated. Such copies or copy shall be furnished and attested as prescribed in Clause 1 Section II of Regulation XX. 1812; and every District Register receiving a copy so forwarded shall duly register it, as if it had been presented to him in the first instance by the person registering. For every such copy required for transmission to any other District Register Office as aforesaid, the person registering shall pay the whole fee usually payable on registration.

XI. All fees received by any District Register or Deputy Register of Deeds appointed under this Act, shall be accounted for to Government in such manner as the Government may direct, and out of the fees so accounted for, whether received by one Office or by more than one Office, the Government shall pay to the District Registers and Deputy Registers so appointed as aforesaid such salaries as it shall think proper.

XII. So much of Section XIV of Regulation XXXVI. 1793, as provides that from the fees in that Section mentioned the Register shall provide the necessary Native Officers to make the entries and copies directed as well as the required stationery, is hereby repealed as regards all District Registers and Deputy Registers appointed under this Act; and it is hereby provided that the Government may allow such Establishments to the several District Registers and Deputy Registers appointed under this Act as may be necessary for the efficient conduct of the duties of their respective Offices, and the cost of such Establishments shall be paid by Government out of the fees accounted for as directed in the last preceding Section: and all the expenses connected with the said District and Deputy Register Offices respectively, including the supply and safe custody of Register Books, shall be defrayed by Government out of the said fee fund.

XIII. Every Deputy Register shall, on or before the 31st day of January in each and every year, make over all Register Books for the year ending on the 31st day of the preceding December, and all copies of deeds registered during that year, to the District Register to whom he is subordinate, and such District Register shall deposit and deal with the copies of deeds and the books so made over to him as if they were records of his own Office.

XIV. All registrations of deeds which have, before the passing of this Act, been made by any Officer holding or professing to exercise the office of Register of Deeds in any of the Provinces subject to the Government of Bengal, although he may not have been legally appointed to such Office, and all acts done by such Officer in reference to such registrations, are hereby declared to be and to have always been valid and good in all respects, as if such Officer had been legally appointed at the time of making the registrations or doing the acts.

XV. The Government is hereby empowered to frame Rules for the guidance of all District and Deputy Register Offices, provided that the same shall not be inconsistent with the provisions of this or any other Act or Regulation for the time being in force.

A. G. MACPHERSON,
Secy. to the Govt. of Bengal,
Legislative Department.

The following Bill was read in the Council of the Lieutenant-Governor of Bengal for the purpose of making Laws and Regulations on the 22nd November 1862, and was referred to a Select Committee who are to report thereon after the 28th of December next:—

A Bill to regulate the Transport of Native Laborers to the Districts of Assam, Cachar, and Sylhet.

WHEREAS it is expedient to regulate the passage and transport of native laborers, from or through the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, and Sylhet; and also to regulate the manner of engaging and contracting with Native inhabitants of the said Provinces to proceed to the said Districts for the purpose of laboring for hire; It is enacted as follows:—

I. From and after the day of 1863, no Native inhabitant of India shall be allowed to pass or be conveyed, from or through any of the Provinces subject to the Government of Bengal, to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring for hire in the said Districts, or any or either of them, except under the provisions of this Act. Whoever shall engage, or take, otherwise than under the provisions of this Act, any person from any place in the said Provinces to any or either of the said Districts for the purpose of laboring there for hire, shall be liable to a fine not exceeding two hundred Rupees for every person so engaged or taken, and in default of payment of such fine shall be liable to imprisonment for a term not exceeding six months.

II. It shall be lawful for the Lieutenant-Governor of Bengal to appoint Superintendents of Labor Transport, and also to appoint Medical Inspectors of Laborers at any place or places where he may think proper, provided that, whenever any Superintendent of Medical

Inspector shall be appointed, the Lieutenant-Governor of Bengal shall, by Notification in the *Calcutta Gazette*, define the local limits within which such Superintendent or Medical Inspector shall exercise the powers and authority conferred on him by this Act. When such local limits shall have been so defined, no other Superintendent or Medical Inspector shall within those limits exercise any of the powers vested in a Superintendent or Medical Inspector by this Act.

III. It shall not be lawful for any person, whether in the service of the Government or not, who is not duly licensed as a Contractor or Recruiter as hereinafter provided, to engage or induce, save through or by the Agency of a licensed Contractor, any Native inhabitants of India to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. Any person who, without being so licensed, shall enter into any contract or agreement to supply any such

Native inhabitants for the purpose of laboring for hire in those Districts or any or either of them, or shall enter into any contract or agreement to engage or induce, or to attempt to engage or induce, any such Native inhabitants to proceed to any of those Districts for the purpose aforesaid, shall be liable to a fine not exceeding five hundred Rupees, and in default of payment thereof to imprisonment for a term not exceeding two months.

IV. It shall be lawful for any Superintendent appointed under this Act to grant licenses, in the form set forth in Schedule (A) to this Act annexed, to such persons as he may think fit, to act as Contractors for engaging or supplying persons for the purpose of laboring for hire in the Districts of Assam, Cachar, and Sylhet, or any or either of them. For every such license a fee not exceeding one hundred Rupees (according to such a scale as may from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same; and every such license shall be in force for one year and no longer.

V. Every Contractor licensed under this Act shall, if called on to do so by the Superintendent by whom he is licensed, establish a depot in a place to be approved of by such Superintendent. Every such depot shall be called a licensed depot, and shall be kept up by the Contractor for the reception of laborers to be supplied or forwarded by or through him. All such laborers shall, on their arrival at or in the neighbourhood of a licensed depot belonging to the Contractor by, or through, or for, whom they have been engaged or forwarded, be at once taken to, and received into it, and shall be entitled in it, and at the expense of such Contractor, to receive suitable lodging, food, clothing, and medical attendance, until they shall be declared by the Superintendent to be no longer entitled thereto. Every licensed depot shall be under the supervision of the Superintendent, and shall be open to his inspection and to the inspection of the Medical Officer at all times, and shall be managed and regulated by the Contractor in accordance with such rules as the Superintendent may, with

the sanction of the Lieutenant-Governor of Bengal, from time to time lay down in that behalf.

VI. It shall be the duty of every Contractor to afford such information to the Superintendent by whom he is licensed, and to make such returns and reports to him as such Superintendent may require.

VII. It shall not be lawful for any person, whether a licensed Contractor or otherwise, to employ any person, not duly licensed as hereinafter provided, to act as a Recruiter or Agent in inducing or engaging Natives of India to proceed, from or through any of the Provinces subject to the Government of Bengal, to the Districts Assam, of Cachar, or Sylhet, as laborers for hire.

VIII. It shall be lawful for any Superintendent to grant licenses, in the form set forth in the Schedule (B) to this Act annexed, to such persons as he may think fit, to act as Recruiters for engaging or inducing persons to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire. For every such license a fee not exceeding sixteen Rupees (according to such a scale as may from time to time be fixed by the Government of Bengal) shall be paid to the Superintendent granting the same, and every such license shall be in force for one year and no more.

IX. It shall be lawful for any Superintendent, in case of misconduct on the part of a Contractor or of a Recruiter, to cancel any license which he may have granted to such Contractor or Recruiter.

X. Every person holding a license as Recruiter shall wear a badge, having legibly inscribed on it, in the Ootdoo and Bengallee languages, the District or Districts to proceed to which he is licensed to engage laborers; and no Recruiter shall engage or attempt to engage laborers in any District without first having exhibited his license to a Magistrate in such District and having obtained the countersignature of the Magistrate thereupon. The Magistrate shall on application countersign any Recruiter's license which may be still in force.

XI. Every person who shall enter into any engagement with a Recruiter to proceed to the Districts of Assam, Cachar, or Sylhet, for the purpose of laboring for hire, shall, when called on by the Recruiter so to do, appear before the Magistrate of the District where such person for the time being resides. The Magistrate shall thereupon examine such person with reference to his engagement, and if he shall be of opinion that he is willing to proceed as aforesaid and comprehend the nature of the engagement he has entered into, the Magistrate shall register the name of such person in a book to be kept by him for the purpose in such

form as the Lieutenant-Governor of Bengal shall prescribe, but if the Magistrate shall be of opinion that such person does not comprehend the nature of his engagement or that he has been induced to enter into it by fraud or misrepresentation, he shall refuse to register the name of such person.

XII. Every Recruiter desirous of forwarding to a licensed depot any laborers registered as in the last preceding Section prescribed, shall furnish the Magistrate by whom they were registered with their names, and shall state to what licensed depot he desires to forward them. The Magistrate shall thereupon prepare and sign two copies of a list of such persons, and one of these copies shall be delivered to the Recruiter, and the other shall be forwarded by the Magistrate by post to the Superintendent within the local limits of whose authority such licensed depot is situated, together with such information as to the date of departure of the persons in such list referred to, and of their probable arrival at the depot, as he may be able to furnish.

XIII. Every Recruiter who shall forward or send any laborer from the District in which he resides or in which he has entered into any engagement, or who shall induce or knowingly permit any laborer to leave such District, for the purpose of proceeding to the Districts of Assam, Cachar, or Sylhet without the laborer being duly registered as provided in Section XI of this Act; and every Recruiter who shall forward or send on any laborers without having furnished the Magistrate with the list and information which by the last preceding Section he is bound to furnish, shall be liable to a fine not exceeding two hundred Rupees for every laborer so forwarded or sent or induced to leave the District, and in default of payment of such fine to imprisonment for a term not exceeding six months.

XIV. All registered laborers proceeding to a licensed depot, shall be accompanied throughout the journey either by the Recruiter on whose requisition, or through whom, or on whose behalf they were registered, or by a competent person appointed by such Recruiter with the approval of the Magistrate by whom the laborers may have been registered. Every Recruiter by or through whom laborers may be forwarded shall make proper provision for the welfare of such laborers, and every such Recruiter, whether he accompanies the laborers or not and notwithstanding that the laborers may have been accompanied by a person approved of by a Magistrate, shall be responsible for their welfare.

XV. Every Contractor shall, within twenty-four hours of the arrival of any laborer at his depot, give to the Superintendent a notice in writing of such arrival, which notice shall be in such form and shall contain such particulars as the

Superintendent shall prescribe. Every laborer shall as soon as may be after his arrival be examined by the Medical Inspector, who shall give to the Superintendent a certificate of the state of health of every laborer examined.

XVI. If the Medical Inspector shall certify that any laborer is not in a state of health which warrants his proceeding to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring, the Superintendent shall order the Contractor, in whose depot such laborer may be, forthwith either to send him back to the place at which he was registered or to pay to the laborer such sum as shall to the Superintendent seem necessary to enable him to return there: and the Contractor shall, without unreasonable delay, either send the laborer back to the place at which he was registered, or furnish him with such sum as aforesaid. On failure of the Contractor for twenty-four hours to comply with an order of the Superintendent for the payment of such sum of money as aforesaid, it shall be lawful for the Superintendent to advance the same to the laborer, and every sum so advanced shall be recoverable by the Superintendent from the Contractor on whose default it may be advanced, as money paid to the use of such Contractor: and no further proof shall be required by any Court in any such case, than that the Superintendent gave the Contractor such order as aforesaid and that the Contractor for a space of twenty-four hours made default in complying therewith, and showed no reason or excuse to the satisfaction of the Superintendent for such default. Provided always that any laborer who from his state of health is, in the Medical Inspector's opinion, unfit to undertake the journey back to the place where he was registered, shall, in addition to his being sent back by or at the expense of the Contractor, be entitled to continue in the licensed depot and to be fed, clothed, and lodged by and at the expense of the Contractor until such time as the Superintendent shall order otherwise.

XVII. The Superintendent shall examine separately each laborer, as soon as possible after his arrival, as to his willingness to proceed to the Districts of Assam, Cachar, or Sylhet for the purpose of laboring for hire and as to the treatment that he has received on the journey to the depot: and in case it shall appear that any laborer has been brought or induced to come to the depot against his will or on false representations, or that he has suffered any ill-treatment on the journey, the Superintendent may cause him to be removed from the depot. The Superintendent may thereupon order the Contractor, from whose depot the laborer is removed, to pay him such a sum of money as to the Superintendent shall seem necessary in order to enable the laborer to return to the place where he was registered: and on failure of the Contractor to pay such sum within twenty-four hours of his being ordered to do so, the Superintendent may advance the amount to the laborer: and all the provisions of the last preceding Section as to sums advanced by the Superintendent shall be applicable, so far as the circumstances of the case will permit, to advances made by him under this Section.

XVIII. It shall not be lawful for any laborer to proceed from a licensed depot to the Districts of Assam, Cachar, or Sylhet, unless he shall have first, in the manner hereinafter provided, entered into a duly registered contract

with some person, to serve such person there for a fixed period, which shall in no case exceed the term of five years. Every such contract shall be reduced to writing and shall specify the rate of wages the laborer is to receive, and shall contain such particulars and be in such form as the Lieutenant-Governor of Bengal shall prescribe.

XIX. Every contract entered into by a laborer shall, in the presence of the Superintendent, be signed in duplicate both by the laborer and by the person with whom he intends to contract or his Agent. Before the laborer signs the contract, the Superintendent shall personally explain it to him and shall satisfy himself that the laborer fully understands all its details. The Superintendent shall attest every contract duly executed in his presence and certify at the foot thereof that he has personally explained the same and has satisfied himself as aforesaid. An abstract of every such contract shall be entered by the Superintendent in a book to be kept by him for the purpose: and after such abstract has been entered, one of the copies so duly signed and attested as hereinbefore provided shall be given to the laborer, and the other of the said copies shall be given to the person with whom he has contracted or his Agent.

XX. The Superintendent shall send an authenticated copy of every abstract entered by him as in the last preceding Section provided, by post, to the Magistrate of the District in which the service is in such contract agreed to be performed. Every such copy shall be despatched by the Superintendent within seven days after it shall have been filed. Every abstract and every such copy shall be receivable in evidence in any Court, whether Civil or Criminal, in the same manner as the original contract might be received and shall have in all respects the same effect as such original contract would have.

XXI. Any laborers whose contracts shall have been executed and entered as hereinbefore provided, may be despatched from time to time to the Districts of Assam, Cachar or Sylhet, by the Contractors in whose depots they may be or by the persons whom they may have agreed to serve respectively, but subject always to the provisions of this Act. vided always that that this

Section shall not be deemed to

prevent the Master of any steamer or the Manjee of any boat from permitting laborers to disembark at any place or places on the voyage, so long as such disembarkation is not intended, or known to be likely to be permanent.

XXXVI. The Superintendent may refuse to grant passes to any laborers if the party to which they belong or with whom it is intended to forward them shall not consist of females above the age of twelve years in such proportion as the Lieutenant-Governor of Bengal shall from time to time direct: provided always that the proportion shall never be less than twenty-five females for every one hundred males. And it shall not be lawful for any Master of a steamer or any Manjee of a boat to convey on board any steamer or any boat, except by the express permission in writing of the Superintendent, any party of laborers (whether they may have passes or not) which shall not contain such proportion of females as shall be directed by the Lieutenant-Governor of Bengal as aforesaid.

XXXVIII. In any case in which, on making such inspection as in the last preceding Section provided for, the Magistrate shall find that any of the provisions of this Act have not been complied with, he shall report the same to the Superintendent by whom the license to carry the laborers was granted to such steamer or boat; and if the circumstances of the case are such as in the Magistrate's opinion make it necessary to do so, he may detain the said steamer or boat until the provisions of this Act have been complied with so far as may be, or so far at any rate as to make it possible for the voyage to be proceeded on with safety and reasonable comfort to the laborers.

XXXIX. If violent sickness or disease shall exist among laborers while passing through any District, whether by land or by water, on their journey either to a licensed depot or to the Districts of Assam, Cachar, or Sylhet, it shall be

lawful for the Magistrate of such District, if he shall think it advisable so to do, to stop the laborers and detain them until such time as they shall be able to proceed with safety. In any case in which laborers are detained as aforesaid by a Magistrate, he shall cause all necessary arrangements to be made for their accommodation and welfare, and all expenses incurred by him in so doing shall be recoverable from the Recruiter or the Contractor by whom the laborers are despatched, as money paid to the use of such Recruiter or Contractor.

XI. The provisions of this Act shall not apply to domestic servants, or to any laborer proceeding alone or accompanied by his family only, to the Districts of Assam, Cachar, or Sylhet, or to any number of laborers less than ten proceeding there together without the intervention, direct or indirect, of a Recruiter or of a Contractor.

XLI. It is hereby declared that it shall not be lawful for any person, with whom a laborer has entered into a contract duly executed in the presence of the Superintendent as provided in Section XIX of this Act, to make any deduction whatever, from the amount of wages which by such contract are made payable to the laborer, for or on account of the expenses incurred in engaging such laborer or otherwise incurred in respect of him prior to his reaching his final destination.

XLII. For every offence against the provisions of this Act for which no special penalty is hereinbefore appointed, the offender shall be liable to a fine not exceeding two hundred Rupees, and in default of payment thereof to imprisonment for a term not exceeding one month.

XLIII. All penalties imposed by this Act may be recovered, if for offences not committed within the local limits of the Town of Calcutta, in the manner prescribed for the recovery of penalties by Act II of 1833, and if for offences committed within those limits, in the manner prescribed for the recovery of penalties by Act XIII of 1856 (for regulating the Police of the Towns of Calcutta, Madras, and Bombay) or any other Act for regulating the Police of the Town of Calcutta, in force for the time being.

XLIV. FINANCIAL DEPARTMENT.—No. 2060A.—*Nynee Tal, the 12th November 1862.*—The following Extract from the Proceedings of the Government of India, in the Financial Department, No. 519A., dated the 30th September 1862, is published for general information:—

Read again paragraph 3 of Financial Resolution, dated 15th November 1860, by which Local Governments were empowered to re-distribute among the Sections of a Department the sanctioned items composing the aggregate grant allowed for that Department in the Budget on the conditions—

1st.—That any alterations in the distribution of the charge of a Department be at once reported with all details to the Government of India.

2nd.—That no salary of a gazetted Officer be altered or re-distributed without the sanction of Government previously obtained.

3rd.—That no general rates of pay or allowances shall be altered, nor any charge incurred which can pledge the Government beyond the year to which the estimate relates without the sanction of the Government of India.

Read again paragraphs 42 and 43 of letter to the Government of Madras, dated 21st June 1862, stating that the powers conferred on Local Government by paragraph 3 of the Resolution of 17th November 1860 cannot be conveniently enlarged at present, but that the limitations of those powers will be interpreted in a liberal spirit, and that, when once the Budget Estimates have been passed, special applications to this Government for sanction of alterations made within prescribed limits, or of fresh charges on account of Salaries, Establishments, and Contingencies which can be met from Budget Grants, shall not be necessary, but shall be superseded by a Monthly Return of all such alterations and charges to be transmitted by the Local Governments on the first of the month following that in which they may have been sanctioned, and by a similar Return from the Civil Pay-Masters, which will be sent to this Department through the Deputy Auditor and Accountant-General, with two additional columns of remarks, in which it will be the duty of the Civil Pay-Master and Deputy Auditor and Accountant-General to indicate any deviation from prescribed Rules which may appear to require the notice of this Government.

Read again Extract from Proceedings in this Department, dated 27th May 1861, which, in cancellation of the previous authority of Local Governments to sanction, irrespective of Budget Grants, temporary Establishments, including settlement charges subject to report, ruled that now that the Budget system has been introduced no expense which is not provided for in the Budget can be passed by Local Governments without the previous

sanction of the Government of India, unless it can be met by reduction of other items under the head of service to which the expenditure may appertain.

Read again Financial Resolution No. 12262 of 18th September 1861, which declared the power of Local Governments to apply savings of salary in a Department to the contingencies of that Department, provided the saving be casual and the total grant for the Department be not exceeded.

Read again Extract from Proceedings in this Department, dated 8th September 1862, which, in reference to the power of Local Governments and their controlling Officers to transfer the Budget provision for contingencies from one Section to another Section of the same Department, ruled "that it is a mistake to regard items of detail of grants as grants. The details are needed for purposes of review and check, but it never was intended that the Government should be brought into action every time an alteration becomes necessary in the distribution of contingent charges which are all subject to separate rules and check."* As every class of contingent expenditure is subject to separate audit under special Rules in addition to, and independent of, the Budget sanction, the question of petty transfers may best be disposed of by instructing Civil Pay-Masters and Deputy Auditors and Accountants-General that, so far as the Budget is concerned, they may, on the authority of such controlling Officers as the Local Government may indicate, admit all transfers in detail of contingent charges of the same class if the items be susceptible of audit under the general Rules in force. Thus any contingent charge of the nature of those estimated in the Budget for the Establishment or Department concerned, and auditable under the general Rules, may be passed if not in excess of the total grant for contingencies (of that Department) whether in exact accordance with the detailed distribution in the Budget or not."

Read Memorandum from Civil Pay-Master, Bombay, No. 8, dated 28th June 1862, enquiring, with reference to the Orders of 27th September 1861, whether he is to understand that charges even when specially sanctioned by the Local Government are not to be passed unless they are included in the Budget.

RESOLUTION.—The Governor General in Council observes that the Budget system rightly applied should diminish the sanctions by the Supreme Government of petty details. At the same time the knowledge of details should still remain with this Government, though its direct and immediate control of them be relaxed. This was kept in view in the Resolution of 17th November 1860, and in the principles enunciated in the letter to the Madras Government, dated 21st June 1862, which have been extended to the other Local Governments. Under those orders Local Governments as distinguished from Minor Administrations are empowered to re-distribute, and Civil Pay-Masters are now authorized on that re-distribution to pass charges for all fixed Establishments, provided the revision does not affect the salary of any gazetted appointment, does not cause any expense beyond

the sanctioned scale and beyond the provision in the Budget, and is confined to one Department. For example, the Local Government of the North-Western Provinces may re-cast the fixed Establishments other than gazetted appointments in a Collectorate, provided the cost be within the amount allowed in the Budget for all sanctioned Establishments other than gazetted appointments in the same Collectorate or in the Revenue Department, North-Western Provinces. The Monthly Reports of the Local Government and of the Civil Pay-Master and the Deputy Auditor and Accountant-General, prescribed in paragraph 43 of the letter to the Madras Government, dated 21st June 1862, are all that this Government requires. The Reports from Civil Pay-Masters and Deputy Auditors-General will be forwarded direct to this Department, but those by the Local Governments will be submitted, in the first instance, to the Home or Foreign Department of the Supreme Government, as the case may be.

2. For temporary Establishments a certain sum is estimated in the Budget for each Department, and within the sanctioned Estimate the authority of the Local Government for their entertainment will suffice for the Civil Pay-Master. But he will continue to submit half-yearly the classified Return of expenditure on temporary Establishments which was prescribed in Resolution of this Department, dated 26th October 1860.

3. On the Budget provision for temporary Establishments being exhausted lapsed salary of other than a gazetted appointment in the particular Office or Establishment concerned may be appropriated in the same way as forfeited pay, namely, in entertaining extra men (but in no case in paying extra allowances) to prevent or clear off arrears.

4. The Orders of 8th September 1862 will continue in force as a general rule, and in reference to Resolution dated 18th September 1861 it is further explained that ordinary casual savings are construed to intend savings from absence on leave or otherwise among non-gazetted Officers and Establishments, and from absolute vacancies for a period not exceeding one month.

5. Orders regarding Establishments in the Department of Public Works, and regarding the extent to which the powers herein conferred on Local Governments may be vested also in the Minor Administrations, will be issued hereafter.

6. Adverting to the inquiry of the Civil Pay-Master, Bombay, the Governor General in Council observes that, with the latitude now given to Local Governments for dealing with Establishments and Contingencies that are provided for in the Budget, it can rarely happen that a contingent charge not so provided for, but considered necessary by the Local Government, will require to be disbursed without its being met by reduction by the Local Government of other items in the Budget, or without the sanction of the Supreme Government to the charge being previously obtained. In any such emergency, however, the Civil Pay-Master will consider it his duty to use a proper discretion in acting on the special authority of the Local Government,

bearing in mind that Budget Rules and general financial checks may be judiciously subordinated to any real and pressing exigencies of the Service.

No. 2068A.—*Allahabad, the 21st November 1862.*—The following letter from the Secretary to the Government of India, in the Financial Department, No. 704G., dated 7th October, to the address of the Civil Pay-Master, Fort William, is published for general information:—
